LA MEZCLA '72-'73

"This is the beginning of a new day. God has given me this day to use as I will. I can waste it or use it for some good purpose. But what I do is important because I have exchanged a day of my life for it. When tomorrow comes, today will be gone forever. I hope I will not regret the price I paid for it."

"Eat 'em up, eat 'em up rah, rah, rah!!" Seem to be the words of the Indian on the senior float.

The Armijo tuba players are rarring to go.

Left: Everyone leaving this rally seems to be concentrating on a victory.

School Daze

On September 9th 1,600 people filled the halls of Armijo, as the bell rang at 8:30. No one really knowing each other and everyone a bit timid. As classes went on teachers passed out books, many which seemed to amaze the new student to this class. But with'in a week a bright glow echoed up and down the halls. Everyone was reaching out trying to understand that new text book and finding new friends, along with becoming reacquainted with the old ones.

Something seems to say that the Sophomores think their best on this homecoming float! They were the champs with first place.

The Junior class float seems to be off to a stinging start!

The Freshmen class float was good for a 3rd place this year!!

The Senior class of '73' must think of Vacaville as Wienies!!

Right: Striding down the street with much pride is Armijo's Superband Drum Major Paul Ortega, who throughout the year collected many trophys.

Left: See what happens when a guy takes an art class now-a-days at Armijo.

Everyone Worked together

As the year proceeded school spirit began to rise as our football team gained the title of 2nd place in Delta League. Then our band returned from competition in the All Western Band review with a 3rd place trophy and the 6th highest score out of 72 bands. Our basketball team was scoring victories and our wrestlers were pinning. School clubs began to have larger enrollments. The students were becoming involved.

Our R.O.T.C. color guards proudly display our flag.

The B.S.U. float featured many active members.

The Hole-In-The-Wall is the best place to spend your money on the Armijo campus, so they say?!!

Left: All the sophomores are really enjoying the rally, Eddie Taugdin is an exception!!

'Hey Patty, you ate too much!' seems to be what this crowd is saying as they watch the J.V. Cheerleaders at the Fat rally.

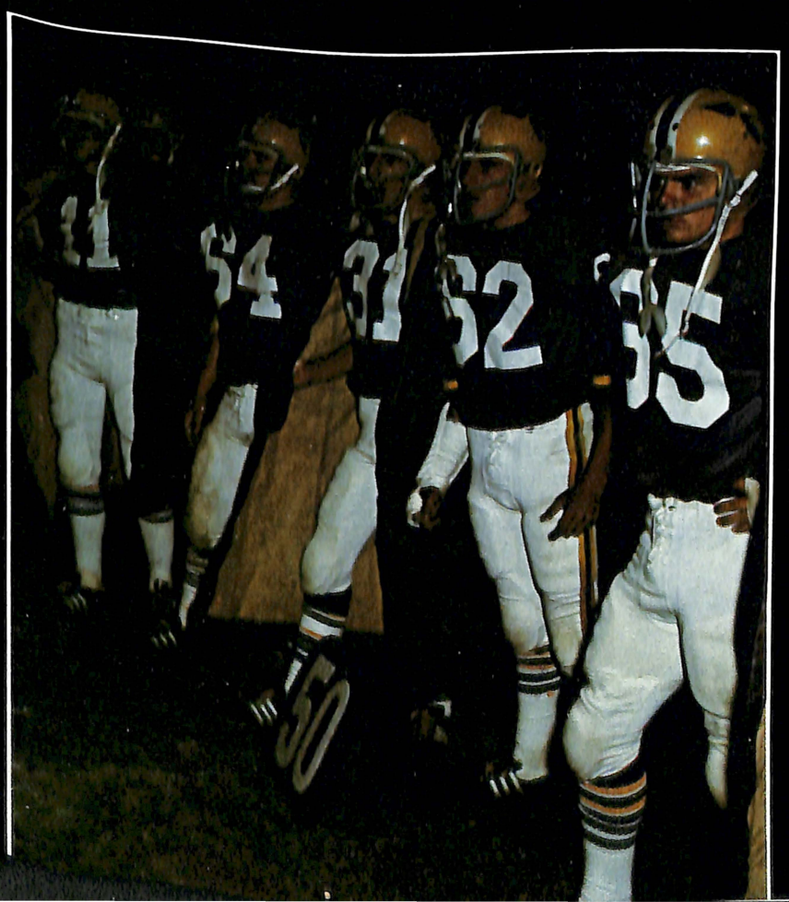

We were Armíjo 72-73

International club sure had the homecoming spirit as they rolled through the parade.

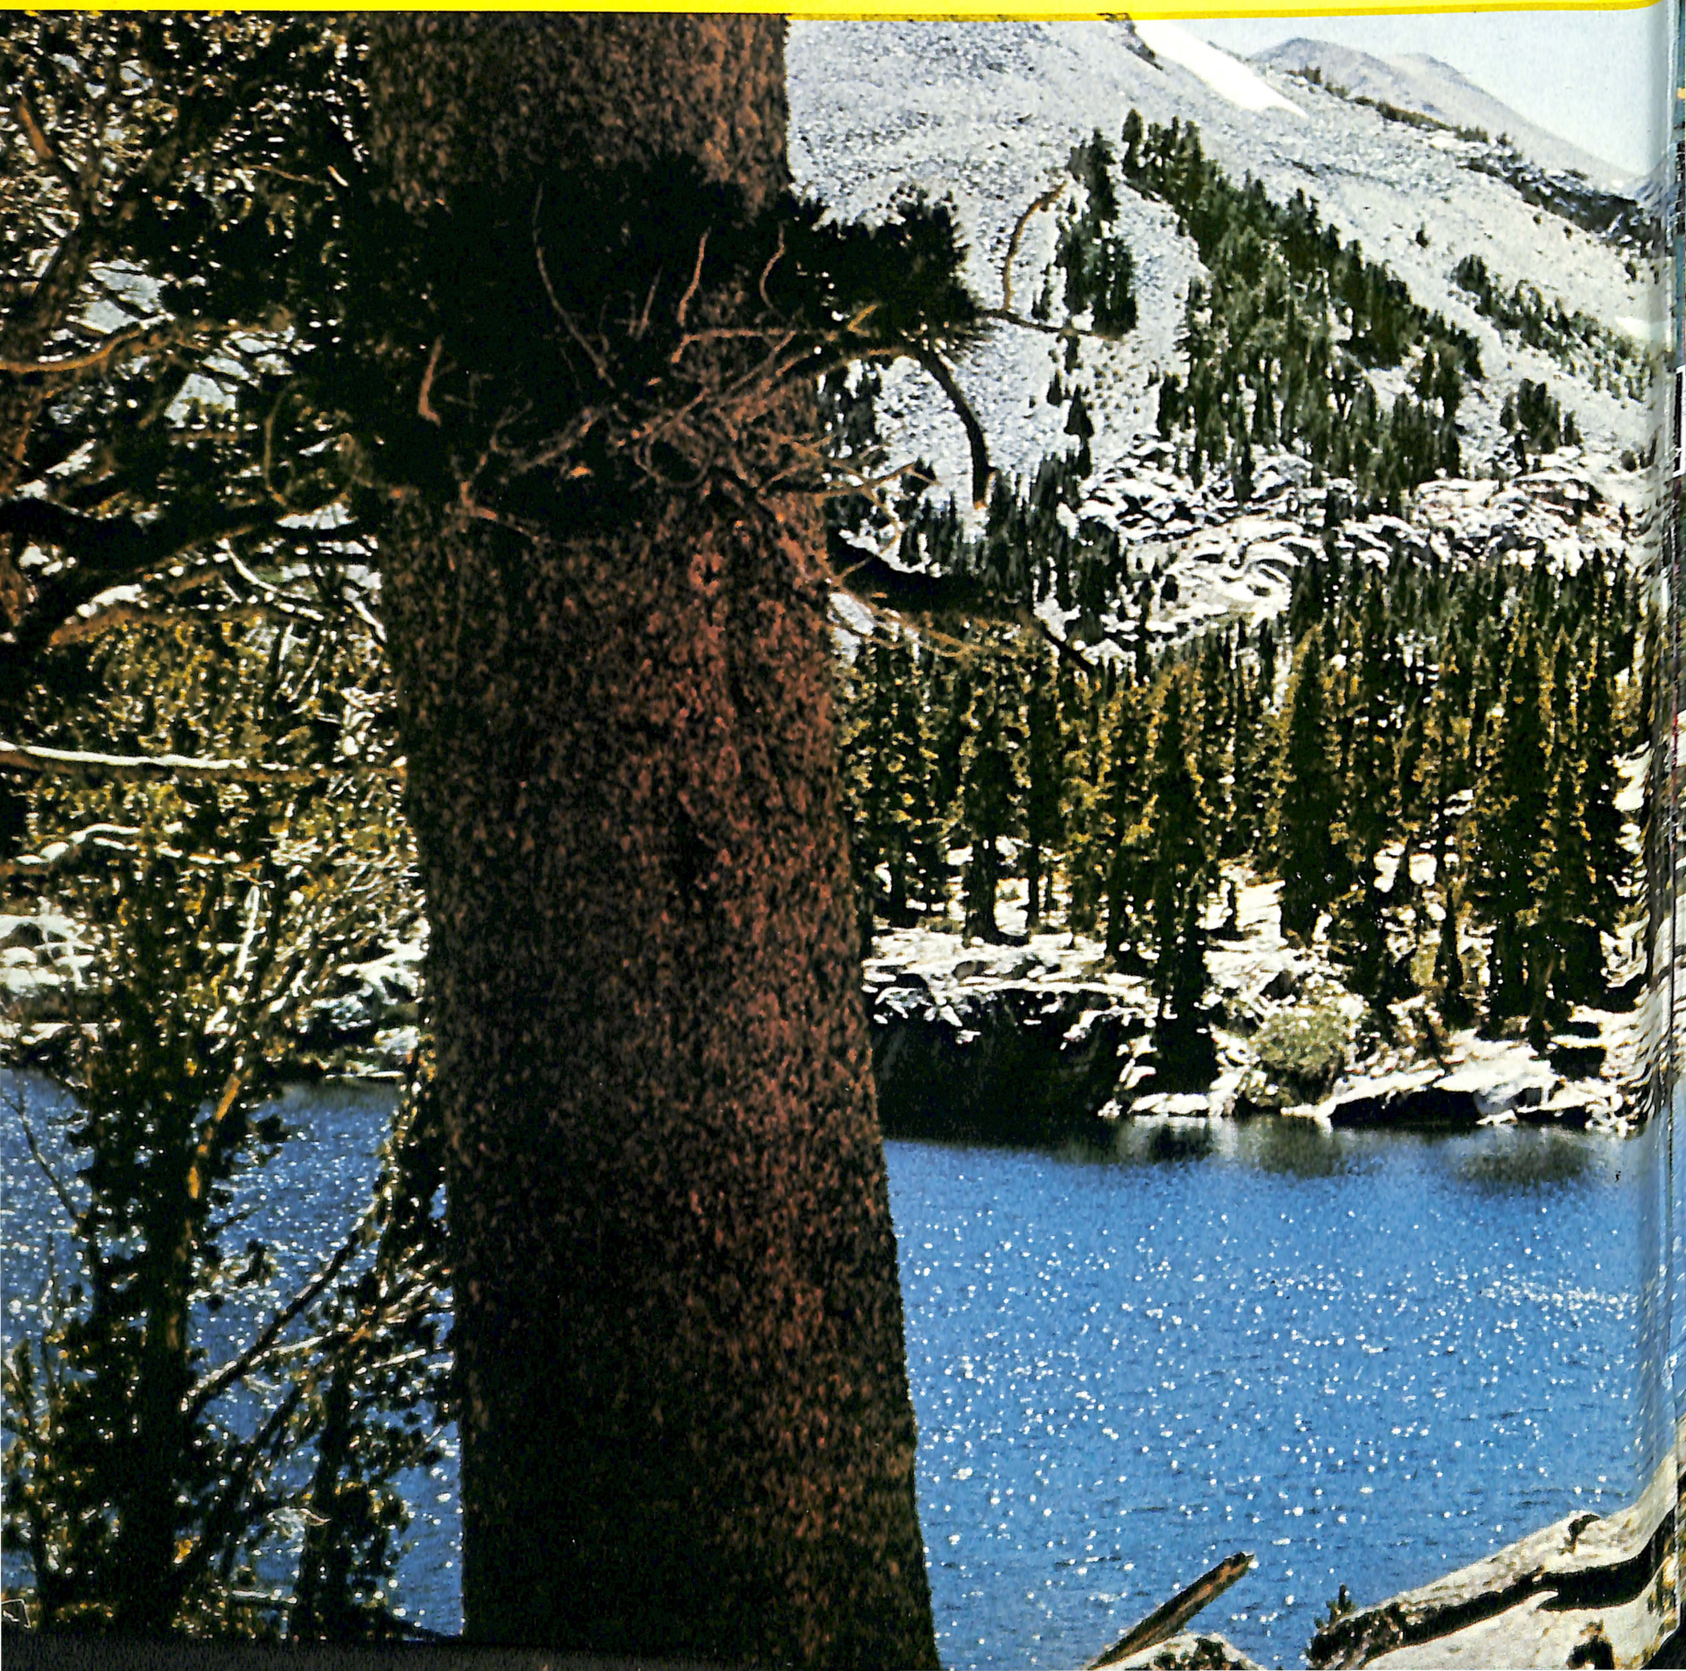

On June 7th a bell rang at 2:30 ending a long year of much hard work and exciting happenings. Many seniors left with scholarships and honors while others left with just memories. But all seniors left knowing that they had left their mark. For underclassmen they left with hopes that next year will bring them just as much success as this year did. For all Armijo students withhold a something special inside, a something called PRIDE, because together

WE ARE ARMIJO!!!

Break it up girls, this is a typing class not a gossip center.

By the expression on these football players faces the referee had better start running.

SPORTS

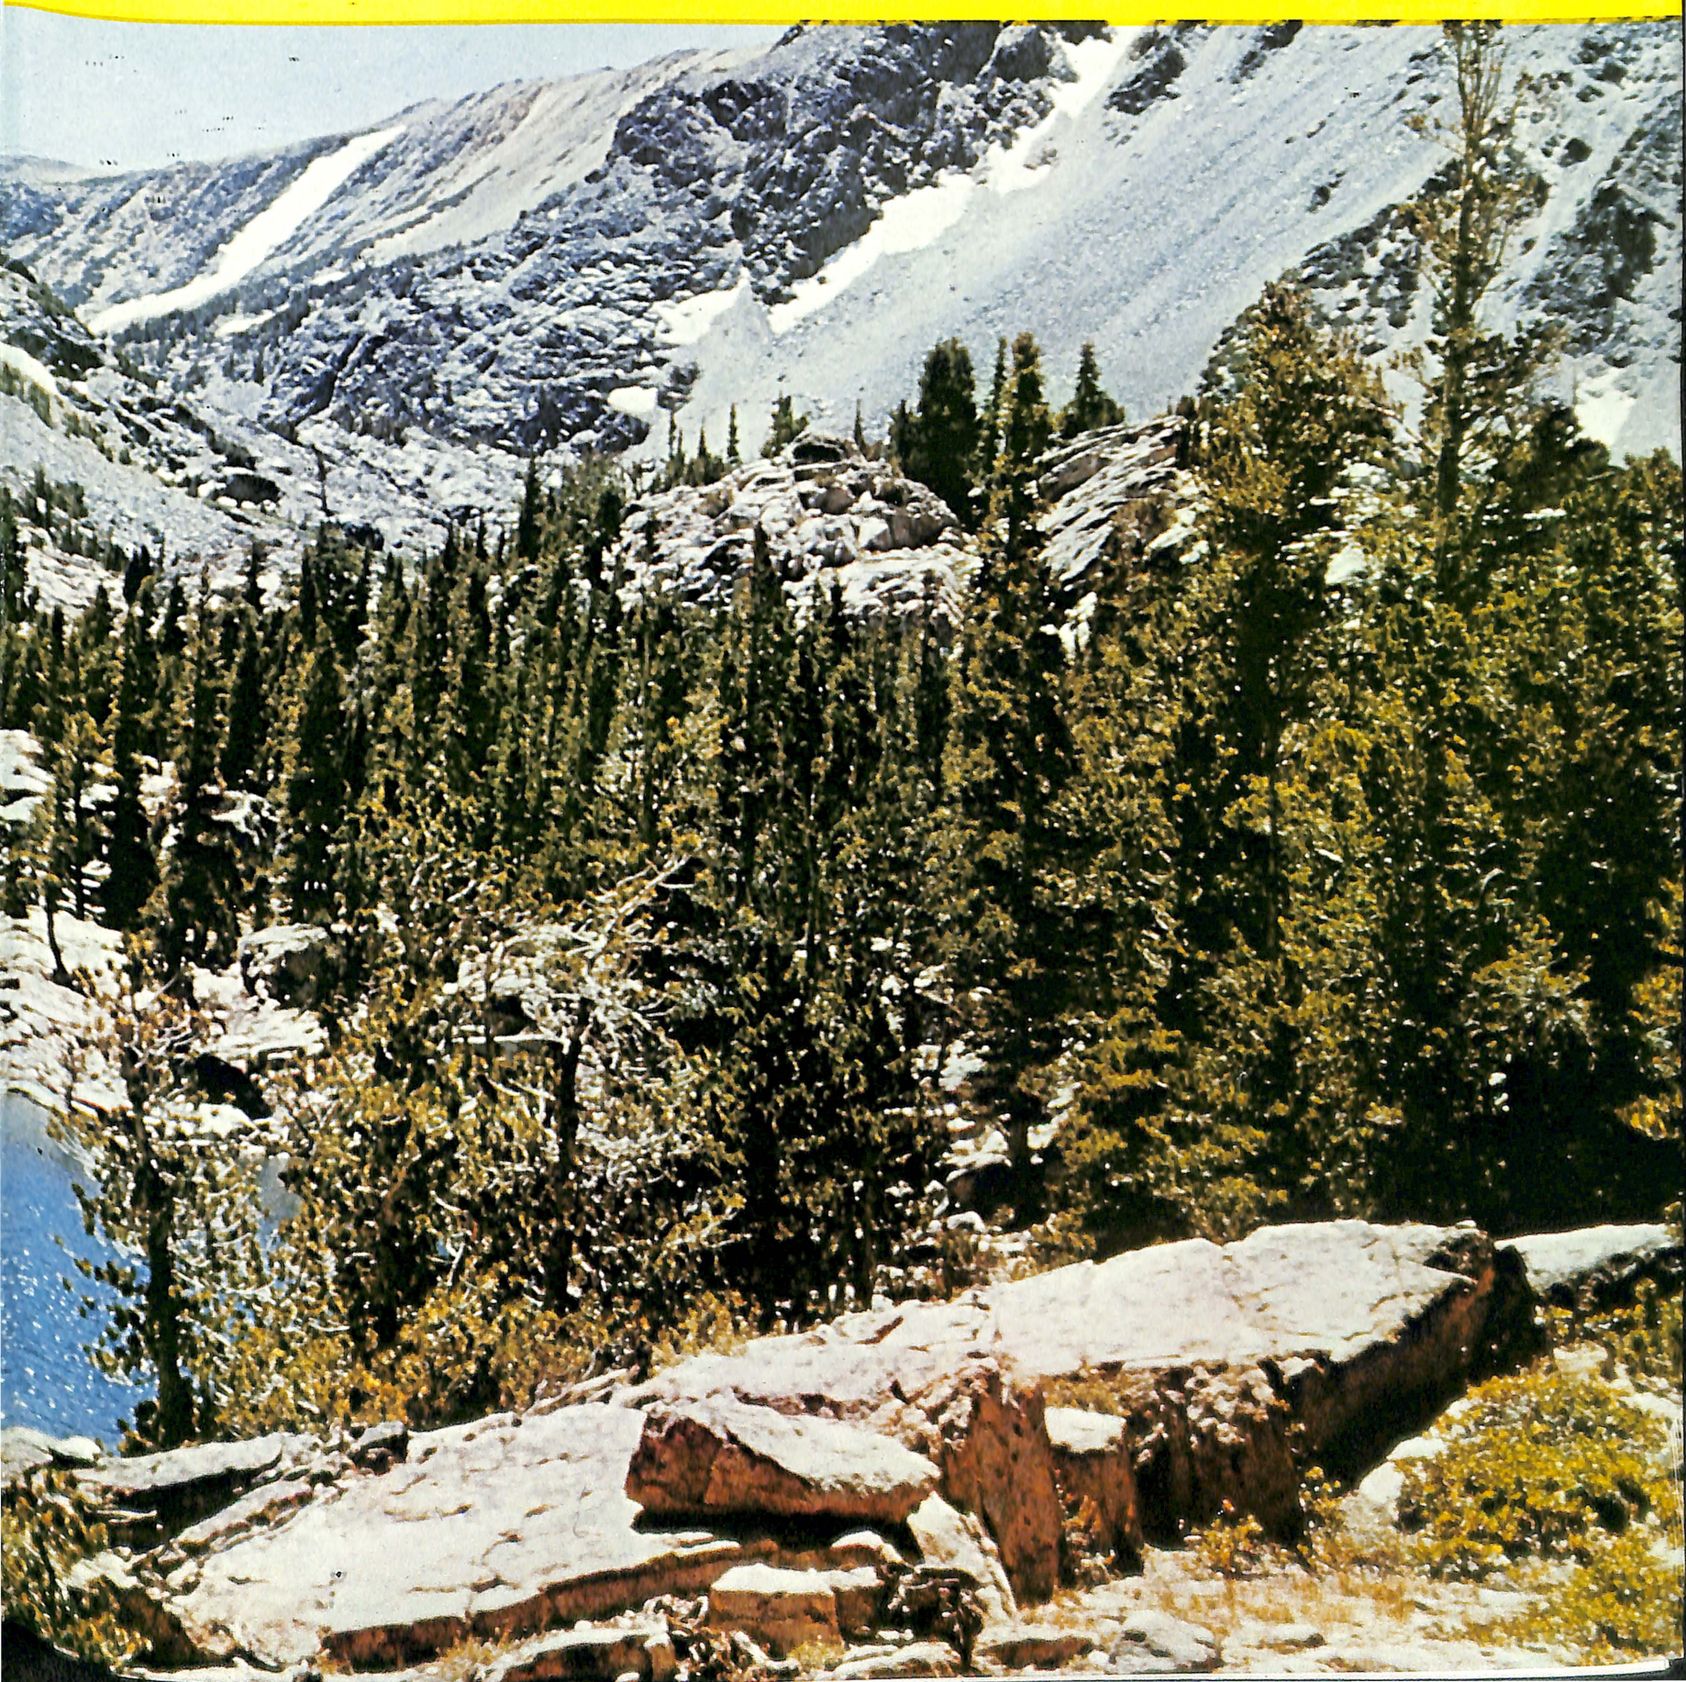

Basketball, baseball, football, volleyball, tennis, swimming, badminton and more all make up the world of sports. The team, the fans, and the sportsmanship involved determine whether we will be successful in these games or not.

Whether it be at school, at home or at a park on the other side of town, these games play an active part in our daily lives.

The ability to play in each sport can only be obtained through hours of hard work. And only those who have the will to try can make it. Each member of a team adds spirit and will to that team. If one member tries the least bit harder it can mean the difference between a loss or victory.

Each member of a crowd cheering the team, 'GO,GO,GO!' encourages the team to play harder.

The students on the following pages have all tried their hardest to make ARMIJO the number one school and they have all done more than a good job at it.

Armijo Varsity... 2nd Place... Delta League

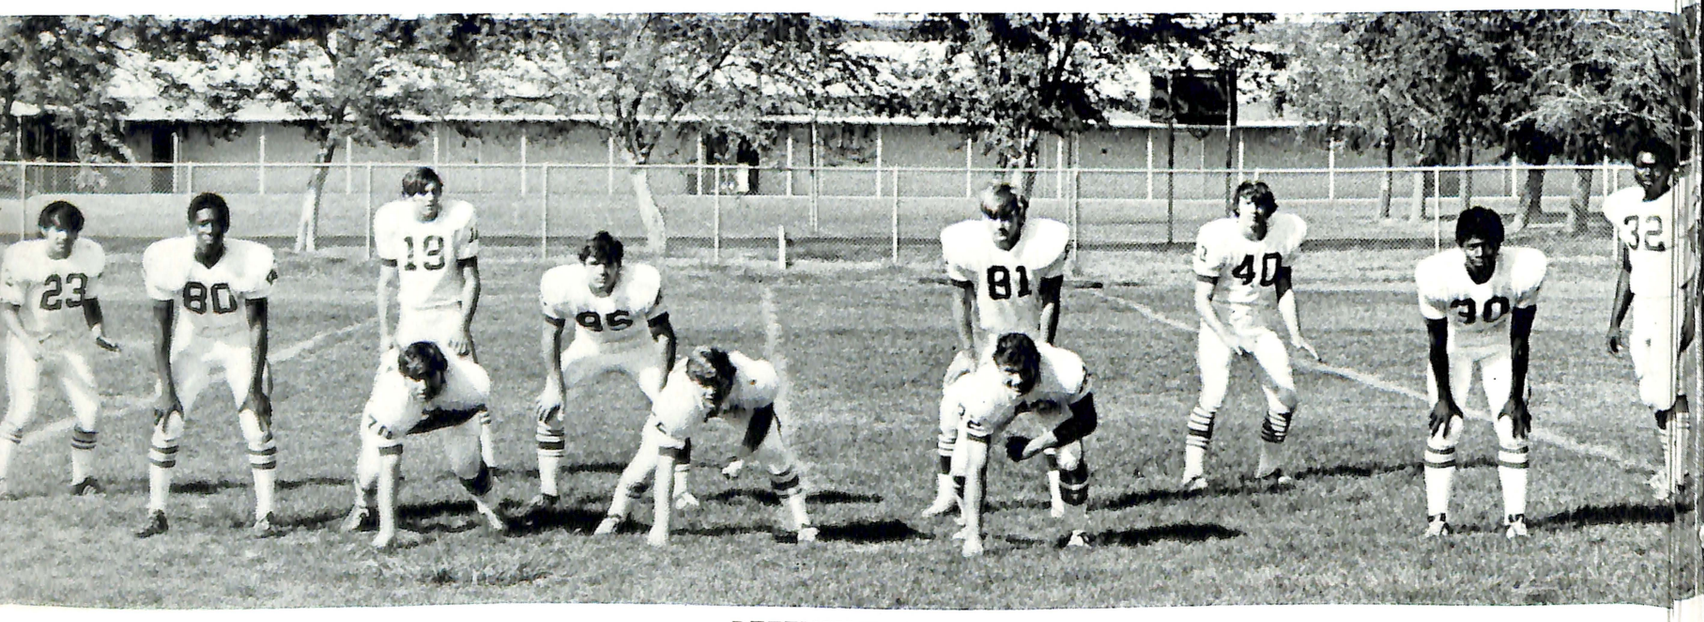

To many a person in Armijo, they were able to watch the Armijo Varsity compile the best season that hasn't been seen in a long time. The Indians having a fantastic pre-season record of 4–0 and a 4–1 league mark, giving them an 8–1 standing at the end of a long, hard season.

The Indians, under the watchful eye of three very talented coaches, were able to come up with a hard charging offense and stubborn defense. You couldn't pick out the players that stood out during the season because everyone did a very good job. Good luck to the Seniors in whatever they do in college.

All through the season, these young men would start a second half scoring rally to win the game as shown against Cordova, but sometimes would fall short as shown against Fairfield. Coach Hopkins said quote "We tried hard but we just didn't have that one man who was always consistent," unquote.

The young men of the Varsity finished the season out with a 10–11 win loss record.

Good luck to the Varsity of next year.

I thought we had some good ball players, but they did not play together. Tony Cruz was singled out by the coach as being the best hustler of the team, "Because he worked his way to a starting position." G.A.S.

Who says girls aren't athletic? G.A.S. provides for those of the female sex who wish to exert their talents in the sports field. Regular G.A.S. offerings this year were kickball, volleyball, basketball, softball, badminton, swimming, and bowling. Girls that wanted to go further in sports were offered try-outs for positions on the hockey, volleyball, swimming, basketball, tennis, and softball teams.

An annual featured event for G.A.S. is the fall banquet. It is there that new members, new teachers, and freshman are welcomed into the organization. Awards are presented, skits enjoyed, and new officers are announced.

One of these days guys will realize that not all girls are unskilled and unknowledgable in the sports field. Of course, ladylike manner and good sportsmanship are still two important factors stressed for members of G.A.S.

CLASSES

My Fellow Freshmen . . .
Proud to be a part of our school
proud to be a high school student
But still feeling fall because of
the status.

My Fellow Sophomores . . .
Happy to be out of their freshmen
year.
They are no longer thought of as
"The Little People"
They too, are proud to be a
member of Armijo.

My Fellow Juniors . . .
The advisors of our school
they know the difference between
right and wrong.
And they are never put down or
thought of as fools.

And then My Fellow Seniors . . .
Soon they will be out on their own
And they are the proudest of all
For soon their children will be
coming to Armijo.
But, no matter how old or what
grade, We all unite as one
Armijo No. 1!!!!!

Seniors

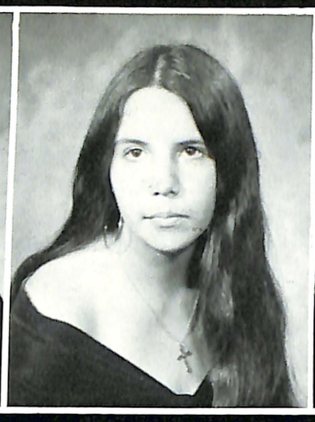

As was once said, 'To each story there is a beginning, a middle and an end.' But where there is an end, there must be another beginning. In the past year we have had our ups and downs and wins and loses, but no matter what has happened we have always had someone standing by to make everything seem a lot brighter.

Our Seniors are people to be proud of, because they know the sorrows of loosing and the excitment of winning. They hang in there and never give up. The best part of it is they won't let anyone else give up. Yes, this year has brought to Armijo many victories and it's all at an end now. The story of our friends, the Seniors, is also at an end but for them it will be the beginning of a story called, "Life."

Homecoming is always a busy time of year and this year's parade proved the fact.

"A statitiscian's work is never done." explains Barbara Tipton.

Look... and Remember

Eat your heart out Ricky Ricardo. Russell Fernandez can play La Cucaracha like you've never heard it.

Noel Figuerdo is proof that cheerleading will slim you down.

"Let me see if this one's good to eat," wonders Carolyn Espinosa.

Bright-eyed and bushey tailed Sharon Cox.

Joobi Agana happily proclaims that her mud plaster works wonders!

Kim Lindsey sits quietly listening to the top tunes of KFRC after the Rio Vista football game.

As anyone can tell you, Armijo has spirit.

Far left – Robert Schofner tries one on for size.

Far left Bottom: "Armijo's so far ahead,
I think I'll go get a pizza," ponders
Robert Mattos.

FREEDOM OF EXPRESSION

Touchdown! Ann Duncan and Rhonda Southward seem to share a secret about the team's success.

Left – Togetherness and serenity expressed by Larry Haynes and his date Susan Pepper at the 1971-72 Jr.-Sr. Prom.

"Oh goodness are you sure this is mud?" asks Jenny Agana.

"Gotta get that darn marble out of my mouth," thinks Tanya Porter.

Sometimes Alone, Yet We Come Together

"See Spot run, run Spot run," Laura McClelland studiously reads.

Mr. Gross questions Jim Hornback, "Did you use your Scope this morning?"

"It says right here that Batman is on at 7:30," pronounces Glenna Cox to Kathy Lane and Tricia Hearn.

Above left- Thinking over his future senior days at Armijo, Allen Shoopman decides graduation is well worth waiting for.

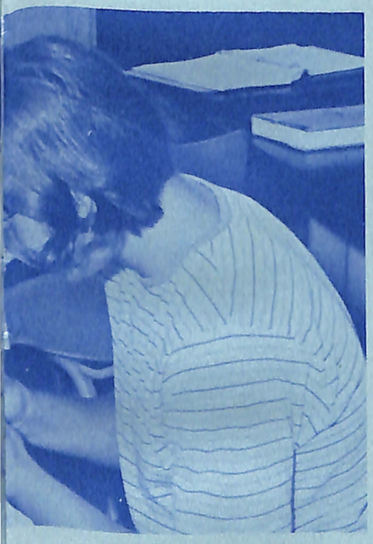

Above right- "We've got to stop meeting like this," whispers Mrs. Dillman to Mr. Dillman at the 1971–1972 Jr.–Sr. Prom.

Jerry Holland suggests to Peter Rosario and Dale Poncy, "I don't know what it is, but let's disect it!"

Those were the days my friend, I thought they'd never end. I'd sit and laugh forever and a day . . .

Look Up ...

Even when clouds
hang dull and gray —
behind them shines
a better, brighter day.

"Perhaps the Bic Banana would work better," suggests Mr. Kenny to Donnalee Blaich.

Above left– "Hey now I get it; they run with the ball!" discovers Joobie Agana to George Stone.

Above right– We've come along way baby, is how Barbara Heinsh feels about Armijo's football team.

The party's over, it's time to call it a day. At least that's what the rooters at the Encina-Armijo game think.

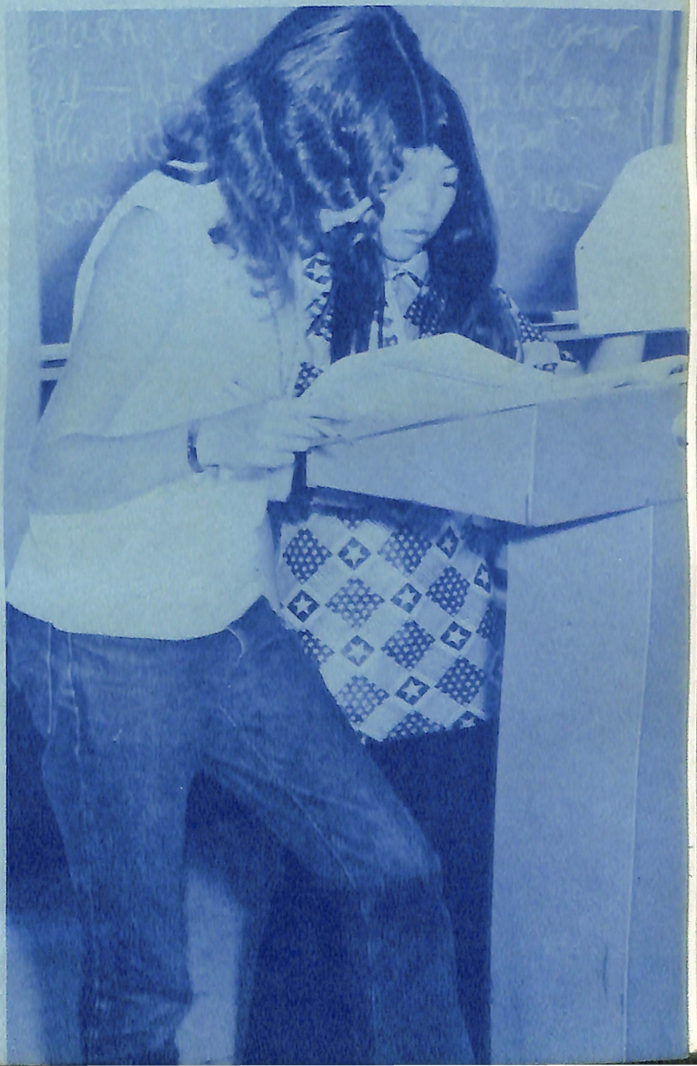

Above– "Right on Armijo!" says the referee at the J.V. Encina–Armijo game. Keep on truckin'!

Left– "Oh yes, I picked this one up in Paris," boasts Pati Takuda to Candy Walker and Tina Shogren.

Right– That comic book is under here somewhere," determines Leslie Lim and Tamie Brode.

A certain something is seen in the faces of students at Armijo: spirit and pride.

Roweena Patallion thinks she is Tarzan.

Look Out . . .

and see a friendly
hand you've known
Outstretched to comfort and to
clasp your own.

The bathroom is in the back, pass it on!

Mr. Lindsey looks terribly excited with the band's new number, "Popcorn."

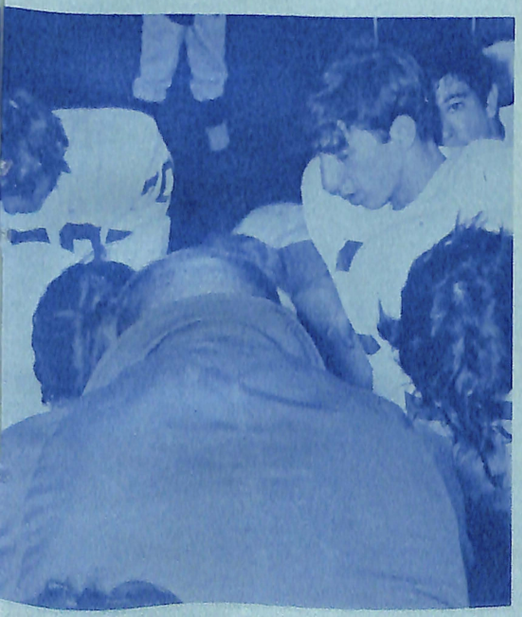

Varsity players and coaches find quiet time together in prayer and thought before a game.

Sophomores got a bite of the Senior weiny after Homecoming.

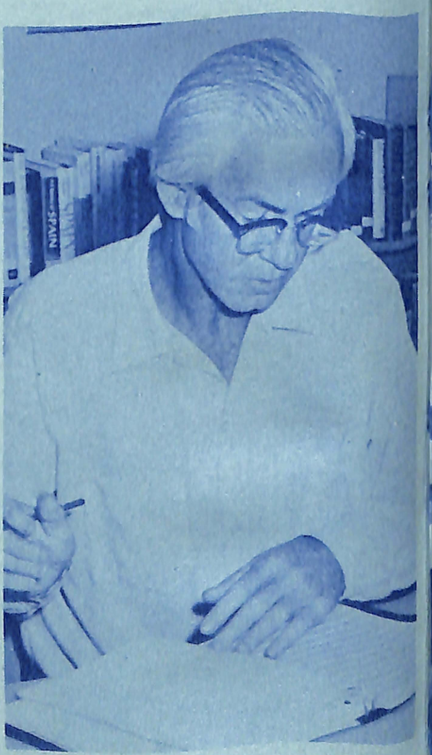

"I wonder if my wife saw me?" questions Mr. Miller to himself.

The Senior class of 1973 shows their pride and spirit at a rally.

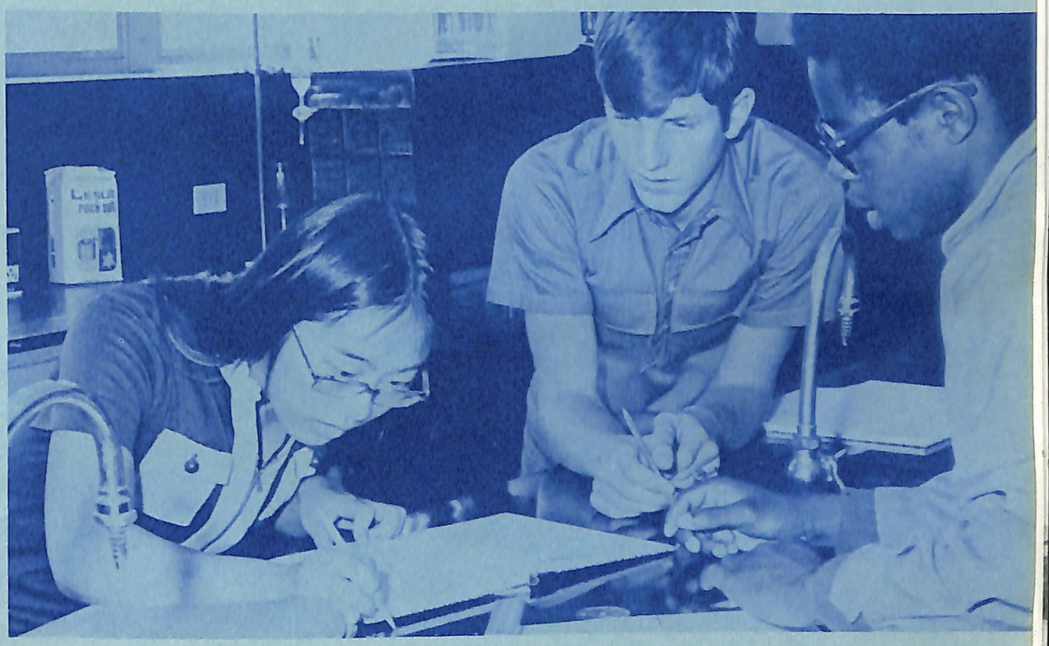

Left–Larry Haynes studies his fellow teammates as they score again!
Above left–"Oh my gosh, that man just took my picture!" seems to be the thoughts of Sandy Camillo.
Above right–Mr. Grasse thinks to himself, "Ha! Now I'll show them that I do something around here."

Look In . . .

only within your own heart
will you find
the riches of contentment . . .
peace of mind.

Linda Okahara points out to Harold Bannerman and John Etter "Come and look at this ant crawling through this sodium chloride!"

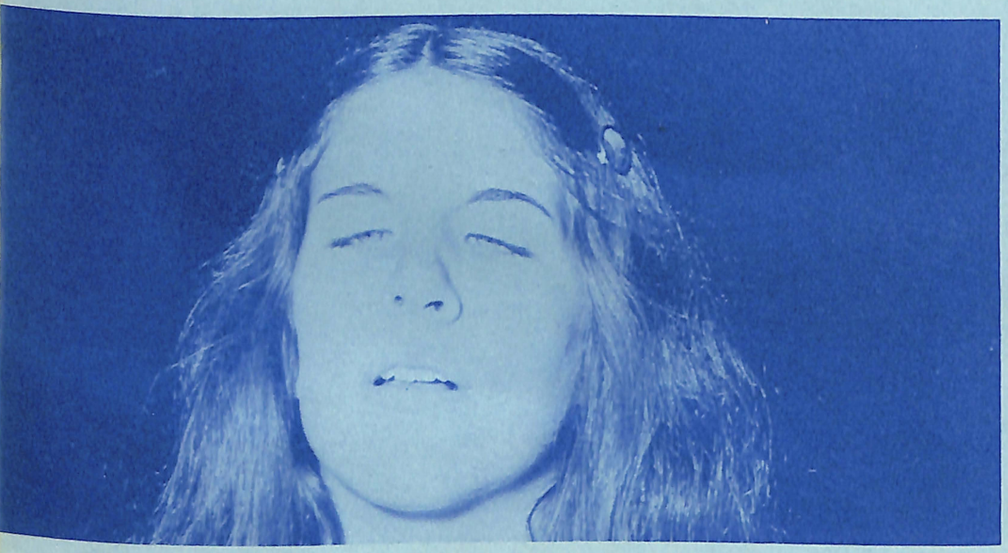

Karen Manuel and Andy Paine must have forgotten a glass of warm milk before bed!

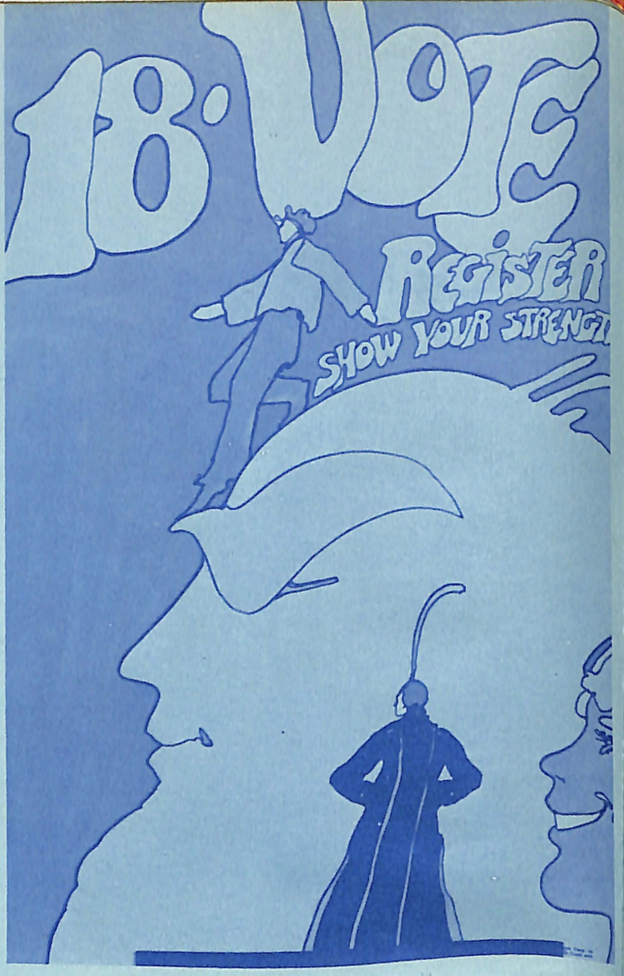

"Get out and vote for the best qualified politician: dark, handsome, and rich," quotes Candy Walker.

Look Back . . .

to happy moments
of the past;
though all things change
these cherished memories last.

Chris Gambrill remembers the fly that flew away before she could see it.

Remembering the 1972 Presidential election—A poll taken by the government class showed that the majority of the Jr. and Sr. classes supported Nixon.

"Quick, let me spit it out," gulps Barb Scott at the "fat rally" during football season.

Who can forget the winning team of 1972? Certainly not these enthusiastic fans!

Donald Mineer can think back on the girl in the back of the room he didn't like.

Far left– "Let me see, if only knew how to spell my last name." wishes Donna Fulk.
Center– Memories of the 1971-1972 Junior-Senior Prom.
Left– Proposition 19, for the legalization of marijuana was not passed in the 1972 nation-wide election.

Look Onward . . .

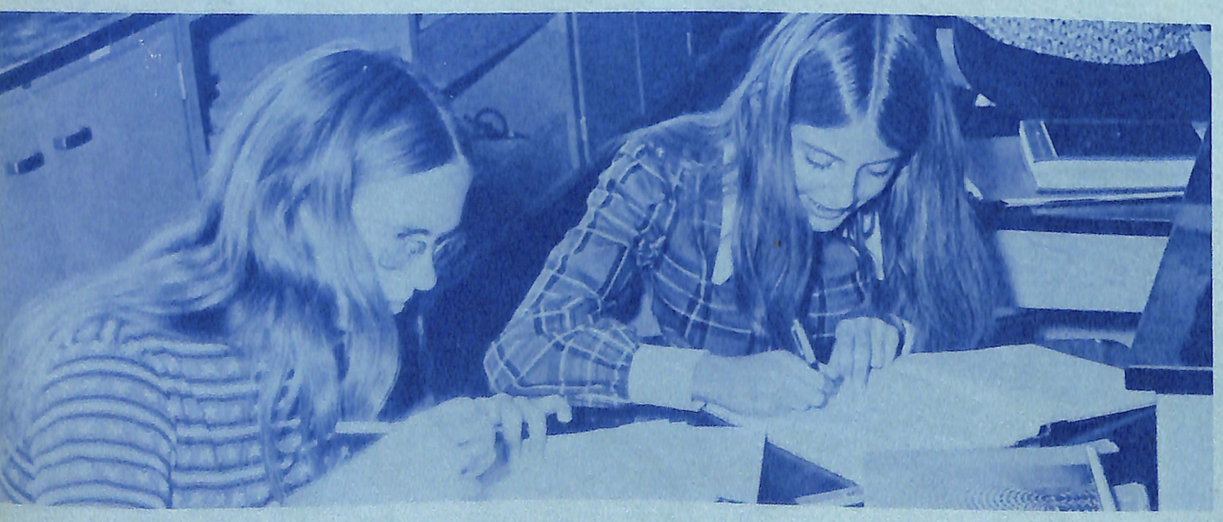

at the heart
of each new morn—
Faith is renewed
and happiness reborn.

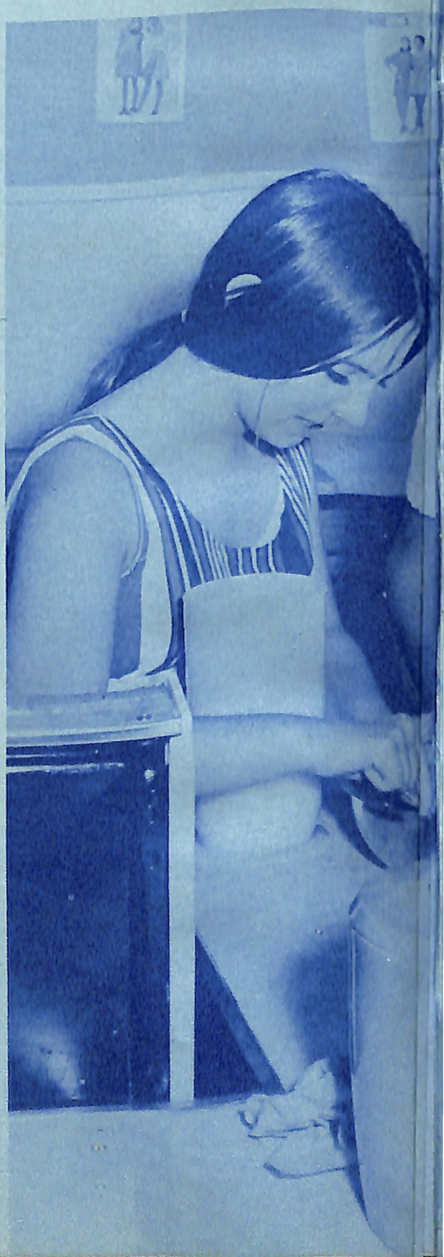

"You guys, I'm not kidding, there's termites in here!" announces Cathy Yaden.

Sorry Debbie Burger, but foul balls don't come into the stands during a football game.

"Dear Santa" Patti Green and Laurie Grasse begin, "Even though we are bored with Chemistry, we have been good little girls . . . "

For the best results you put the lime in the coconut and mix it all up.

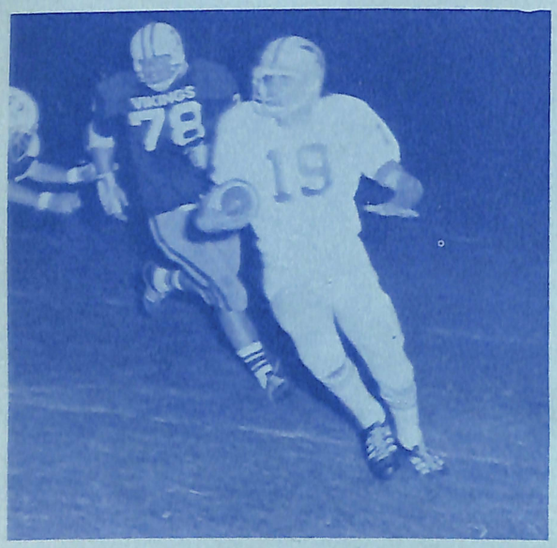

Veronica Bannerman doesn't think the joke was as funny as Darlene Schiller did.

"Don't you dare stab me," grits Mrs. Haynes through her teeth to senior Larry Haynes at the Fairfield rally.

Look . . . and Find

With an Oakmont player in pursuit Mike Cordy looks for some way to get rid of that ball.

Let faith be your courage
And hope be your star,
And love be your ultimate goal;

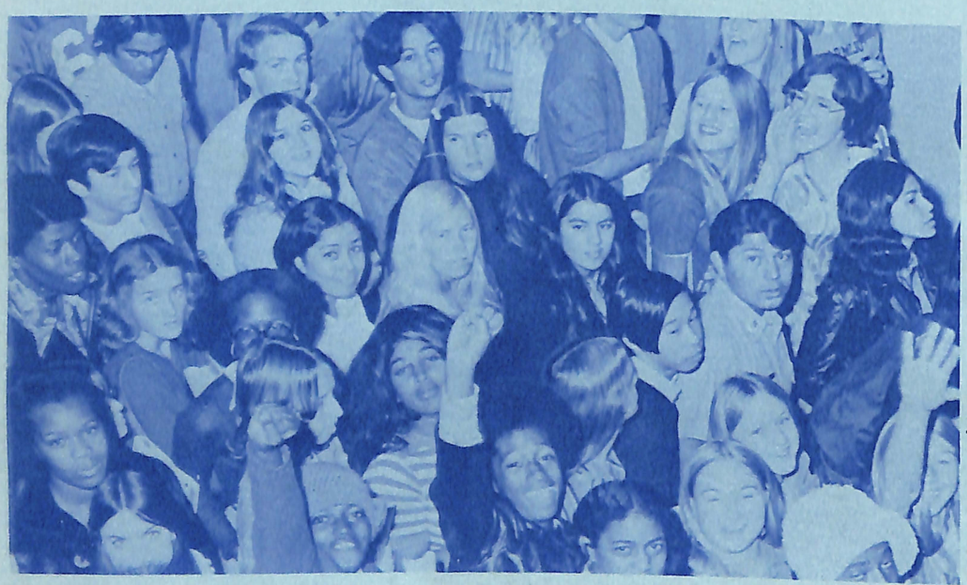

Then care about others
And help them along –
Give freely when someones in need;

Be ready to teach
And willing to learn
Keep the power and grace to forgive;

And you'll surely be blest
With lifes finest and best
And contentment each day that you live.

Concern is shown on the face of Linda Seifert.

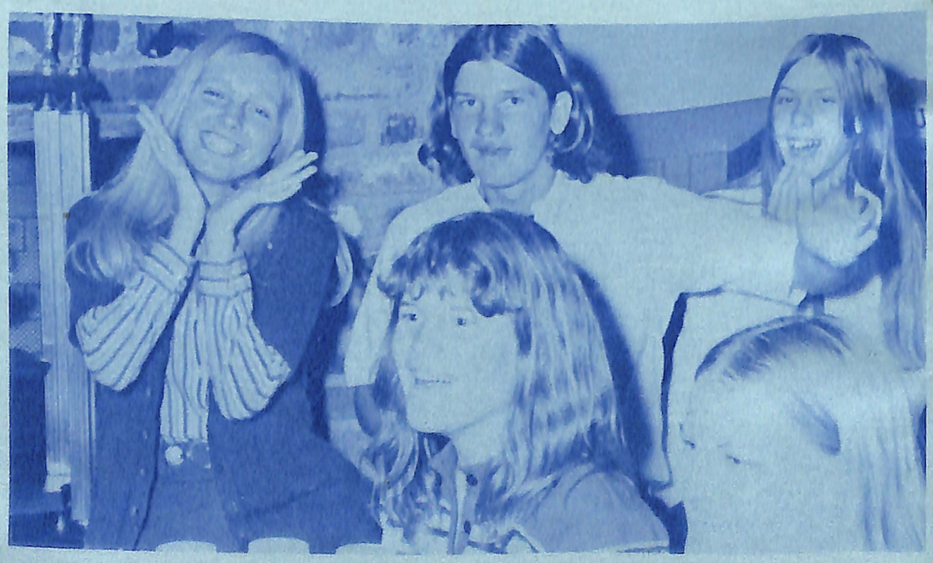

Confusion is the theme for the after rally scene.

What on earth could Cynthia Price and Sheila Dyer be making?

"Pamela Smith where is your other card?" questions Barbara Scott.

The band that plays together stays together.

Junior

The middle of our story begins with the Juniors. Although they cannot exercise as much authority as our friends the Seniors they still take on quite a bit of responsibility. They themselves will soon be the Seniors and with the work, strength and friendship they have devoted to Armijo they deserve the title and responsibility of seniority. Our Juniors always have time to contribute to our school as well as time to help others. Along with these are the things at home and when you add them all up, they come to quite a bit of responsibility. But then being a Junior, they know how to deal with it.

Sophomore

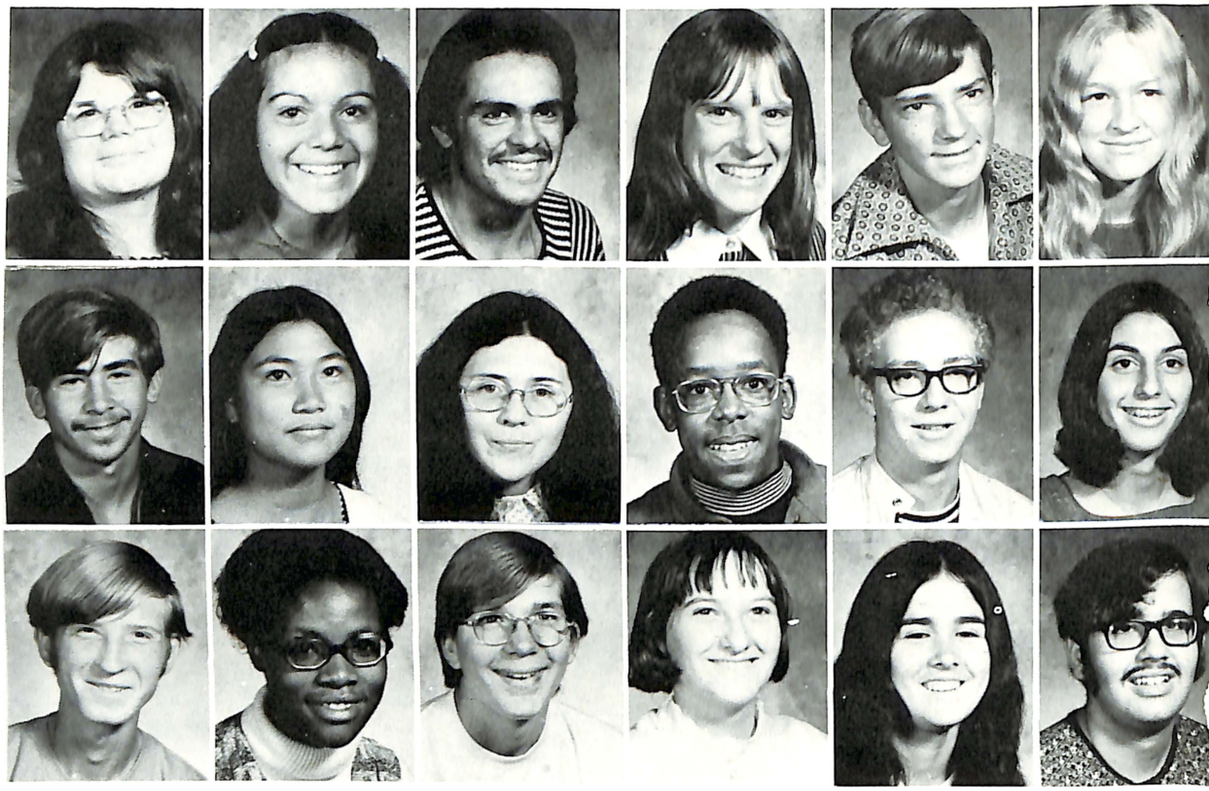

As the story of our school continues we come to the Sophomores. Having one year of experience at Armijo, they know, pretty well, what is happening, but they don't know everything. In the past year they have shown the most spirit and had the loudest cheers out of all the school. They, too, are a part of Armijo, and they show it everyday. Sticking up for Armijo is a job each student should take on, but the Sophomores seem to show the best ability for it.

Freshmen

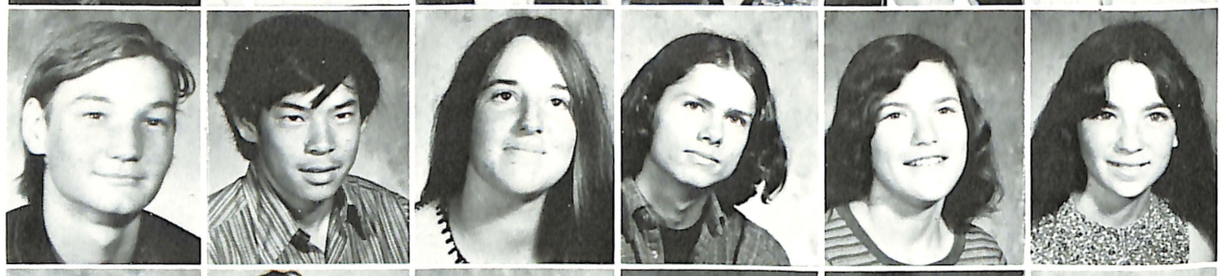

The beginning of our story starts with the Freshmen. Although they are new at our school they, too, are a part of it, and they contribute just as much. Freshmen out of Junior high into high school come ready to face up to all the problems of life in Armijo that Freshmen usually meet. They soon will be Sophomores, then Juniors, then Seniors, but with each passing year the Freshmen that enter this school are the beginning of a never ending story, the story of Armijo.

TRY IT

ARMIJO

People

When you're down and troubled, and you need some loving care,
And nothing is going right, close your eyes and think of me
And soon I will be there to brighten up even your darkest night.

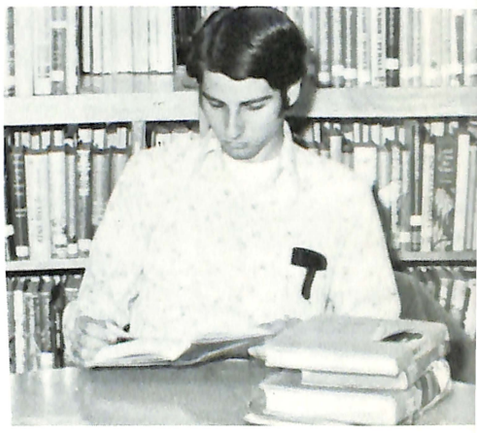

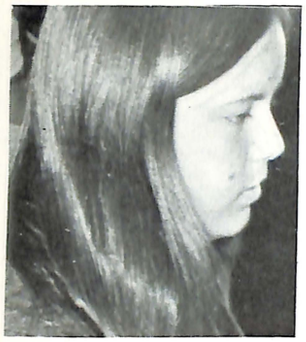

Happiness

You just call out my name, and you know wherever I am I'll come running to see you again. Winter, Spring, Summer or Fall all you have to do is call and I'll be there. You've got a friend.

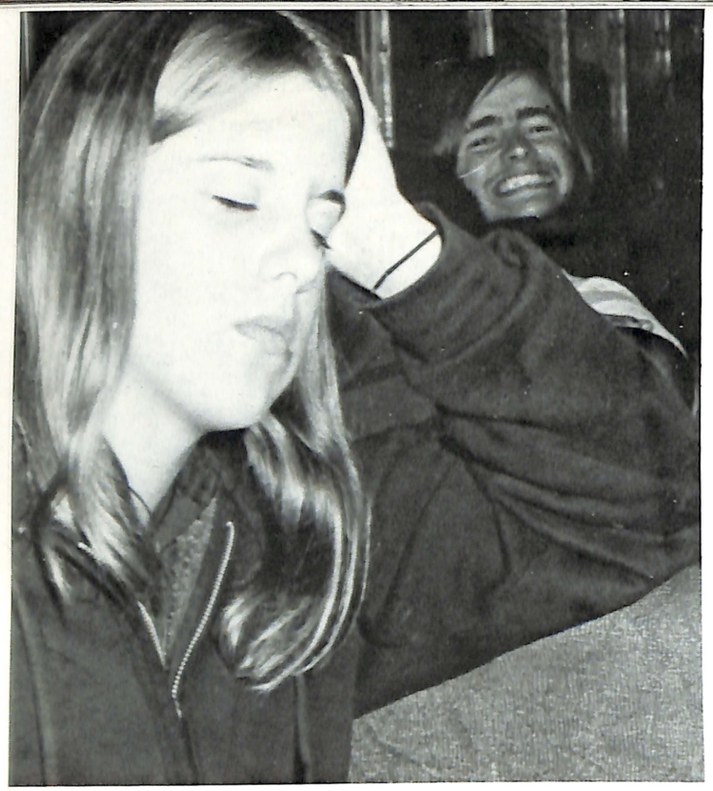

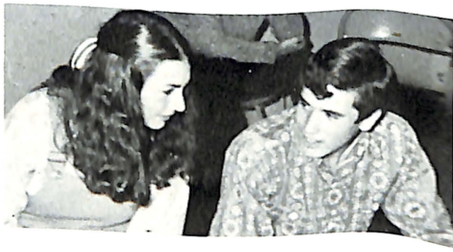

Friendship

If the sky above you grows dark and full of clouds and that old north wind begins to blow, keep your head together and call my name out loud. Soon you'll hear me knocking at your door. I'll come running to see you winter, spring, summer, or fall.
You've got a friend.

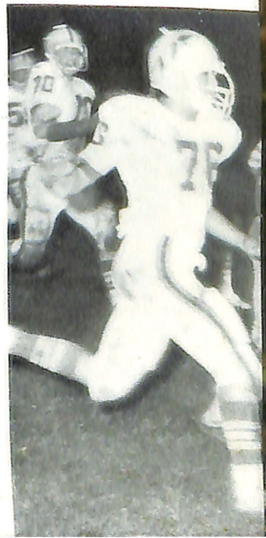

FACULTY

There is much talk about how hard our students try to make Armijo number one. At the end of each year awards are given to the students who have attained the highest degree of excellance. We speak of these students all the time, but we never speak of the people who make it possible for students to attain these awards, our teachers. These teachers receive little credit, if any, for the amount of knowledge our students acquire. They give credit, as well as knowledge, to the student and take none for themselves. True, our teachers get paid for the work they do, but do you think money is enough? Teachers give a part of themselves to our students and you must admit, we do take it for granted. Lets give credit where credit is due. Without our teachers there could be no school, there could be no students to obtain the awards. When the going gets rough, our teachers and administration are always there to push us on and never let us fall.

FINE ARTS AND PEOPLE

Every person is an individual. We all have different feelings about different things, and how we show those feelings can make a big difference to those around us. We can show them through our actions, our expressions, our deeds, or maybe even through a few kind words. Each one gives out information about us to those around us.

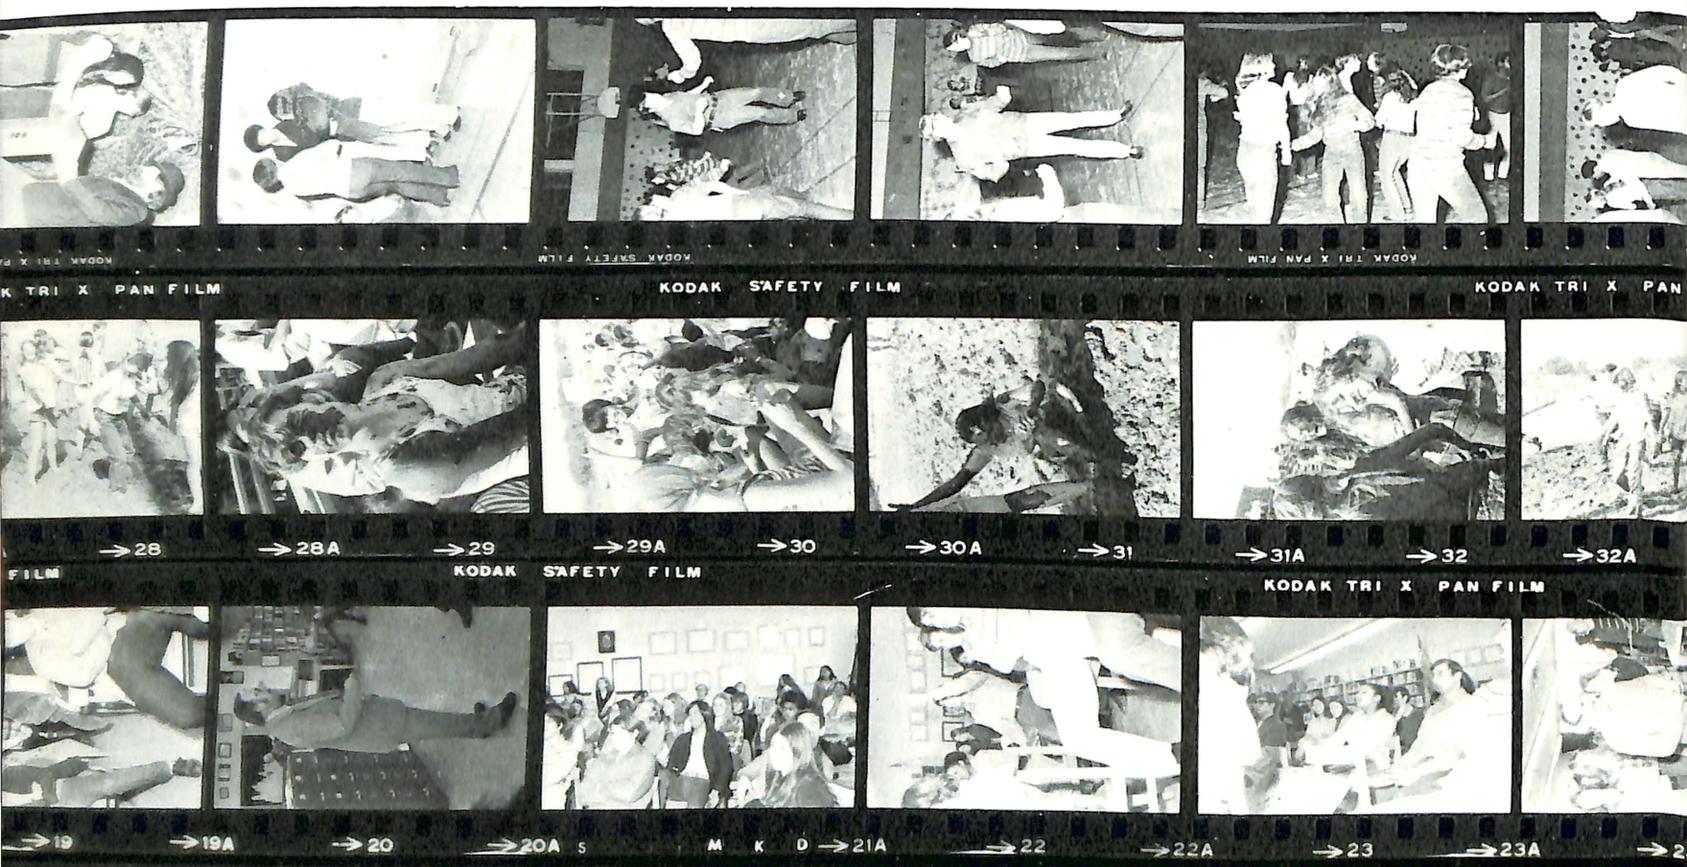

Our talents to show our feelings is a gift we use quite often. We have other talents, too. Talents that are a gift to us as individuals. Such as the talent to sing, or act, or play an instrument. By using our special gift to make others happy they will use theirs to make us happy.

The pictures on the following pages may show someone you know or even yourself. But, everyone you see is important and unique because they all effect you and your changing environment. Our teenagers of today are our decision makers and representatives of tomorrow.

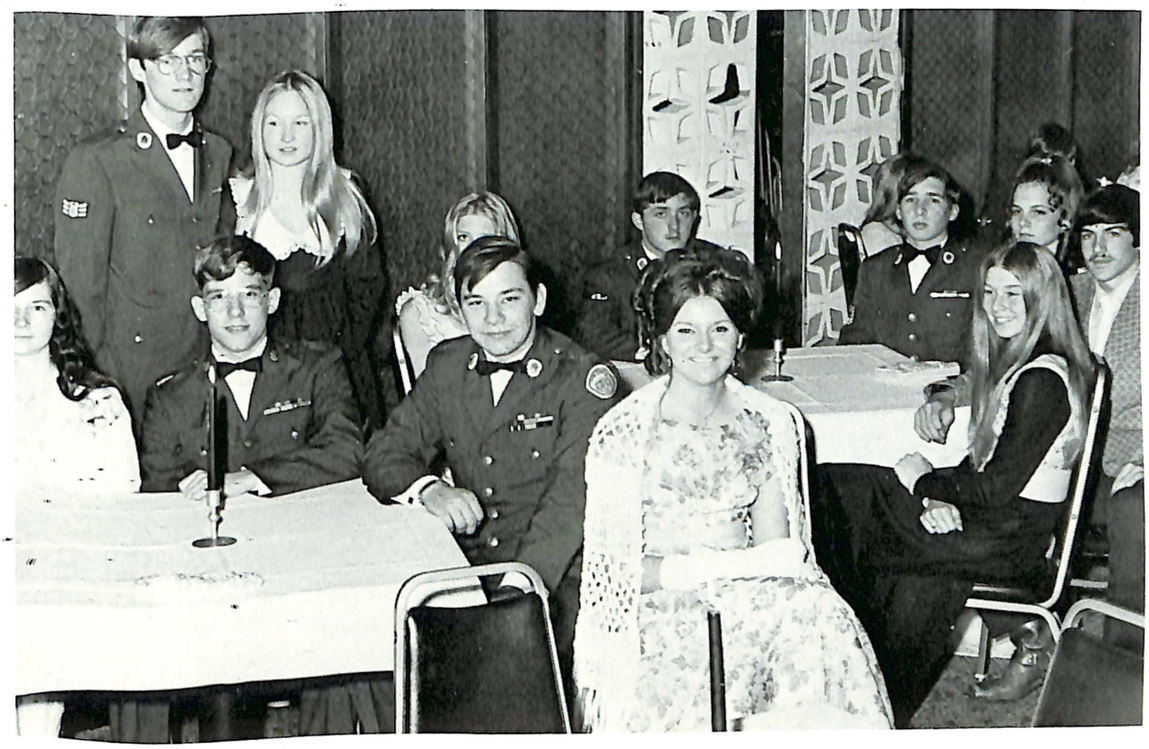

Special Events

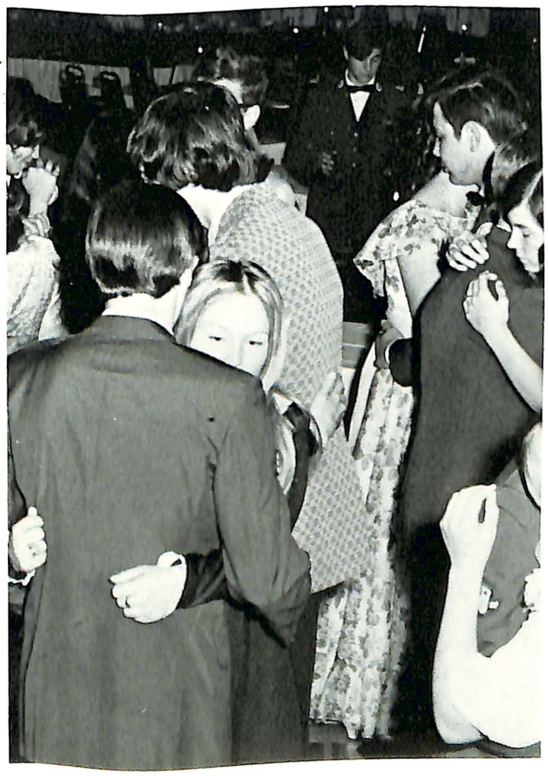

ROTC Ball

Saturday evening February 10, 1973, Armijo's ROTC Squadron were the guests of Fairfield High at their fifth annual ROTC Ball held at the Travis Officers Club.

Two of Armijo's cadets were honored at this affair, Cadet Everett Fischer receiving the rank of Cadet Captain and Cadet Tim W. Mattison receiving Cadet Second Lieutenant Bars. Those who attended with their dates had a very enjoyable evening.

The ROTC Cadets and their guests stop for a moment to relax.

'72' Frosh - Soph Scramble!

Kim Kish defends herself, "Mother never told me about Ultra Brite"

Left: "Oh, It's cold!" says Lorraine Day to Carmen Mack.
Center: "Michelle Dunbar, are you sure this is how to make the track team?" questions Susan Hurl.
Right: Jamie helps the freshmen in the mud relay.

"Let's try this together."

"I'm gonna tell my mommy!" cries Virginia Robinson.

First Year of Real Mud?

Every year the Frosh-Soph Scramble holds many surprises and 1972 was no exception. Events included a three-legged race, leap-frog, balloon toss and lots of mud.

No one escaped the mud, even the spectators who crowded into the bleachers. This years scramble had the best audience ever.

The deciding event was the Tug-of-War which was won by the freshmen, but not without a fight from the sophomores.

The Sophs put all their efforts into the deciding event for the scramble, but it wasn't enough to beat the freshmen.

"Mother told me to stay out of small foreign cars, but she never said anything about mud." states Diane Vanguardia.

"Is this the best selling shampoo in America?" wonder Kim Kish and Rowena Pantaleon.

Rowena Pantaleon shakes her fist as if to say, "We'll get you next time."

"Get me a towel, I think I'm gonna need it," cries Cindy Simpkins

Far Right—Doreen Harper, the Mud Woman, returns!

Looks like the Freshmen are winning this race!

Mud does peculiar things to some people and Joobie Agana is no exception.

"Don't leave me, come back." screams Ralphine Ugay.

Don't laugh Doreen Harper and Liza Gjura, you might be next!

"Look what you've done!" exclaims Stephanie Piontek.

The band was ready, the floats were ready, the crowd was rarin to go, but the man at the front of the line couldn't get his car started.

Homecoming Days . . .

The 1972–73 homecoming turned out to be one of the most exciting weeks of the year. Armijo's Spirit Club chose the week's happenings, they were as follows:

Tuesday . . . Clash Day
Wednesday . . . Kids Day
Thursday . . . 1950's Day
Friday . . . Silence Day

All together it was a very exciting week ending with a victory over rival Vacaville.

Now you know what excitement can lead to. At the homecoming rally the lines to the restrooms were doosies.

Susan Hurl models the latest fall–fashions.

The Armijo Band marches on, "Left, Right, Left, Right."

Would you believe that only one mother out of eight could ride a bike?

72 Homecoming Candidates

'72' Homecoming one Not To Be Forgotten!

A lot of work and fun went into homecoming week this year. Especially on the floats. The theme used for float construction this year was 'Visions of . . .'

Combining the weird clothes, funny happenings, beautiful floats, and our final victory score 14–12, this homecoming will be one never to be forgotten.

"We've got the flowers where we want them, now all we have to do is glue them on," exclaims Shelly Nixon to fellow sophomore, Marriann Kuropatkin and to Sherry Joraski.

The score was 14–12, as the crowd watched closely waiting for the final minutes of the game.

Everybody is all smiles. Why? Because school's out, that's why!

Far Left: Asking for sexy girls autographs seems to be a habit for Dennis Wright.
Left: 'What the heck's going on out there?!' coach Fuller wonders.

72 HOMECOMING QUEEN
MISS DIANE MARIANNO

Top left: Diann Craven waits for her prince . . .
Top Right: "I want my mommy!" Darlene Schiller screams.
Bottom left: Ann Duncan was looking at the photographer, (until a cute guy walked by.)
Bottom right: AH!AH!AH!AH!CHOO! exclaims Kathy Yaden.

Top left: Uh oh! Looks like someone stole the queen's teddy bear!

Top right: Playing the flute is Diane Marianno's favorite thing to do, next to sleeping of course!

Above: Confucious say, "Tis better to get 10 minutes of sleep on bus, than no sleep at all."

Right: Diane Marianno is all smiles because a beautiful bouquet of flowers can out-do a teddy bear any day!

Everybody enjoyed the homemade vittles.

Sadie Hawkins "72"

Mr. Giovanetti looks like those meatballs really hit the spot.

Mr. Tucker tries to remember his dance lessons.

Mr. Fuller loves to do the "Monster–Right–Susie" Mash.

Many uncertain lads have clenched this pole just before the wedding ceremony.

Everyone at the dance did the Hokey–Pokey with a prance . . .

On November 17, 1972 Mr. Pickard went to work as Marryin' Sam with Shades of Jade playing "Here comes the Bride." He not only brought students into wedlock, but teachers as well. Sadie Hawkins Day turned out to be the beginning of the population explosion starting all over again.

When you come right down to basic facts, the teachers could out-dance the students (at a slower pace, of course), and the students didn't seem to mind at all. In fact the whole student body stepped out of the way and let the teachers take over. Sadie Hawkins this year was considered a success!!!

Dancing is Mr. Millers favorite thing, next to killing freshmen!

Mrs. Takehara isn't wearing her 18 hour girdle.

Diane Wallace and Jerry Barngraff decided to take the final vows as Mr. Pickard played his part.

The ball seems to have a mind of its own, it won't go where anyone wants it to go.

"And I thought I had problems", exclaims Joyce Jackson.

"Come back here, you dumb ball!", screams Jeannine Kuropatkin.

"You get away from me and I'm not jok'in!" Are the words from Mary Arnold to Mrs. Takehara.

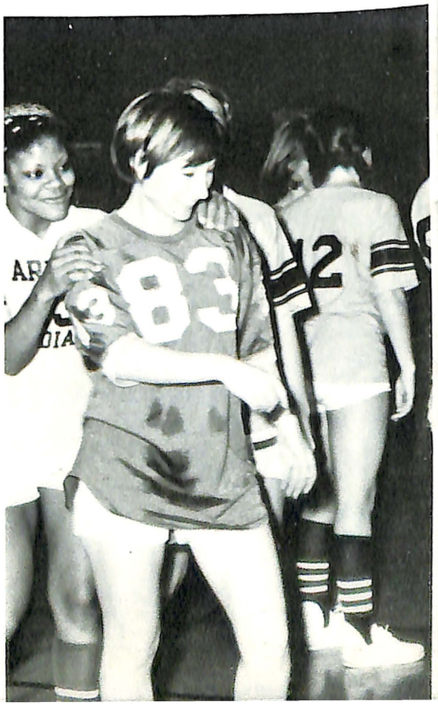

Speaking of acid indigestion . . . looks like Miss Linville's about had it for this game.

"Looks like 80's not my lucky number after all", thinks Mrs. Smith.

Right: After a good game, there's always a little time for some Square dancing.

SENIOR GIRLS

-VS-

WOMENS FACULTY

Over the lips and past the gums, look out tummy here it comes! Are the words of Miss Linville as she takes time out of the game.

What ever happened to good, old down to earth basketball????

The women faculty ruled over the Senior girls in This years student -vs- faculty game. The women had quite a time gaining victory and had problems staying there. The female score of the game was 18–13 and not to many students were pleased with that. As a matter of fact, not to many teachers were either. All they could do was wish they had won by 5 more points. The sportsmanship involved made the whole game. After the game was over everybody got together and had some refreshments and waited for the outcome of the next game.

BLOCK A -VS- MEN FACULTY

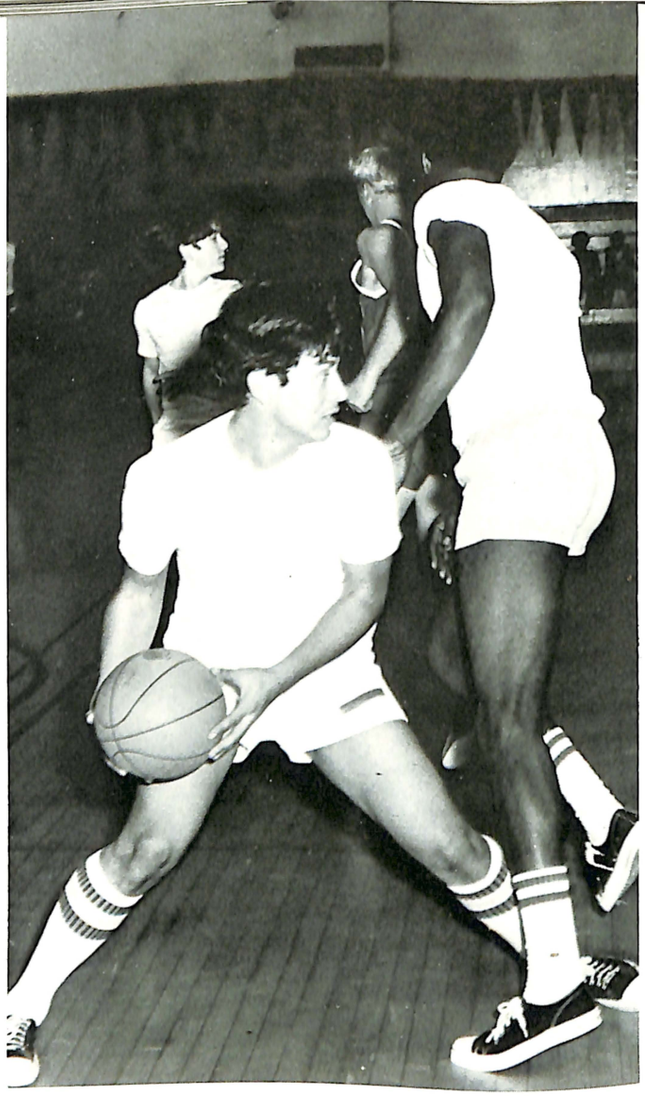

Along with flying through the air, getting hit with the ball, falling on the floor, getting fouled by the ref, missing on a jump ball, ramming into each other, and all other hardships of a so–called normal basketball game, came a victory for the faculty. With a nine point lead over the students, they were feeling pretty proud of themselves, but then, being older, we went kind of easy on them---THIS TIME! They won this game, 42 to 33, but next year we won't be so nice!

Steve Pointek says, "Don't tell Mr. Dillman, but he's shooting for the wrong basket!"

Such determination has Mr. Keeter!

I bet Henry Castillo can do the splits good!

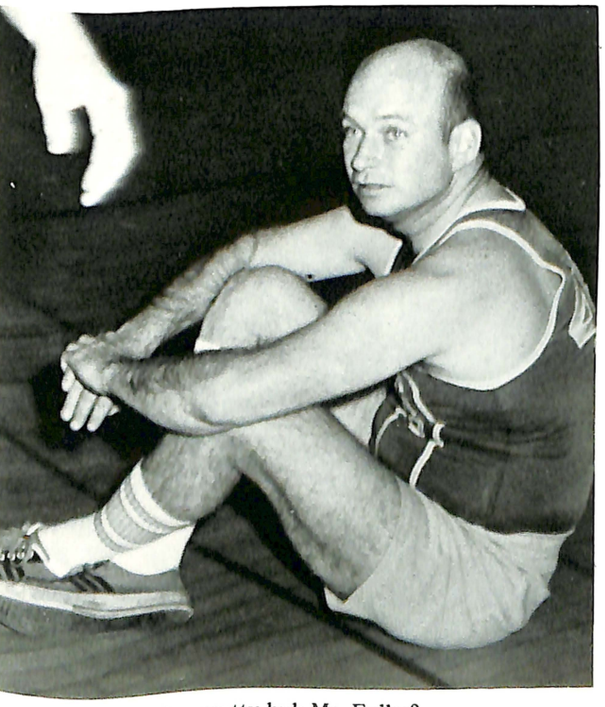

High Karate really works for Mike Fickess and Mr. Moore.

"I got the ball, now what do I do with it?" thinks Mike Fickess as Bill Holsapple looks on.

"Your guess is as good as mine!" exclaims Mike Fickess to Mr. Giovannetti as they look for the ball.

Sitting pretty huh Mr. Fuller?

Aren't you glad you use Dial, Henry Castillo?

Candidates for Homecoming Queen and Attendants are: Sharon Jackson, Thresa Martinez, Tina Shogren, Jan Marler, Debbie Clift, Melanie Valladeo, Connie Self, Maylene Duenas, Barbara McFadden, Donna Fulk, Christi Thurn, Amy Maginnis, Melaine Bajakin, Kathy Lewis, Linda Woneberg, Donna Matthews, Susie Flynt, Maria Rameriz, Janet Kirsaul, Patti Mendez, Joyce Jackson, and Terry Day.

"Really!" exclaims Connie Self.

Donna Mathews waits anxiously.

Sharon Jackson gives Debbie Clift directions to get to McDonalds.

Connie Self waits patiently.

"Come on girls let's go out and knock 'em dead." says Teri Day.

Basketball Homecoming 1973

This years Homecoming was filled with excitement as the fearless Armijo Indians played against the Cordova Lancers. The game was played Friday, Feb. 2, at 6:30. The Indians arose victorious 63–62.

During halftime of the Varsity game Joyce Jackson was crowned 1973 Basketball Queen. Her attendants were: Treasa Martinez, Frosh; Pati Mendez, Sophomore; Donna Fulk, Junior; and Barbara McFadden, Senior.

Susie Flynn, Amy Maginnis, and Janet Kinsaul anxiously await the call of their names.

This could be the happiest day of Cristy Thern and Maria Rameriz's lives.

Tina Shogrem and Melinie Bajakin are thrilled at the sound of their names being called.

Sammy Garret, number 13, along with Dennis Gragerson are bad luck for Cordova.

"I knew we could do it!" exclaims Coach Hopkins.

Dedication of the E. Gary Vaughn Gymnasium

December 28, 1972

The purpose of this service is to honor an outstanding individual.

Some people never get to know people like Gary Vaughn. We here at Armijo were fortunate to have known him.

As a lasting tribute we are dedicating, to him, this gym, so his memory will live forever—

Ron Cortese

Mr. Cortese, Steve Piontek, Mr. Hopkins, Mr. Dillman, and Mr. Grace all express memories of Mr. Vaughn as they dedicated the gymnasium in his honor on December 28.

Mrs. Cortese, Mr. Cortese, Mrs. G. Vaughn, Mr. and Mrs. E. Vaughn, and Mr. Dillman display the plaque presented to the Vaughn family.

A plaque is presented to the Vaughn family by Mr. Grace and Mr. Cortese.

These three Armijo players seem to have upset Bulldog Scott Brown as they shoot again.

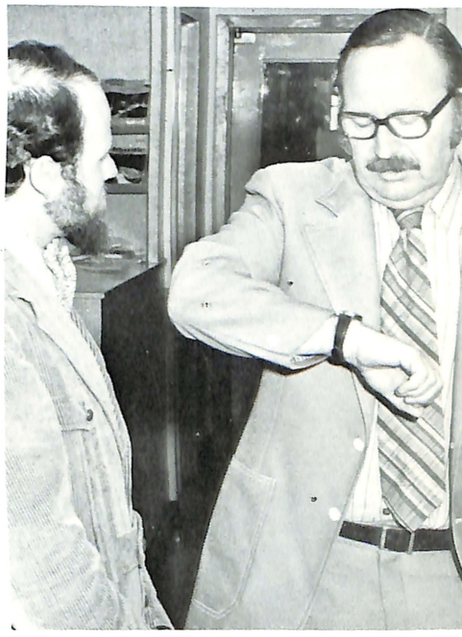

Assemblyman Dunlap Speaks

This group of students shows that learning can be fun.

On Friday, January 19, Assemblyman John F. Dunlap gave a short talk, in the Armijo Library, on the "Duties and Responsibilities of a State Legislator." He was here at the invitation of the U.S. Government and Political Science classes.

After the talk Assemblyman Dunlap answered questions from students concerning such things as how a bill is passed in senate, having a 2 year session in legislature, and why politicians need a new car every 2 years. In response to the question concerning students smoking on High School grounds, Assemblyman Dunlap said that he is personally opposed to smoking anywhere but he feels that such a matter should be reserved for local districts and School Boards to decide.

"Thought I got my watch fixed!" exclaims Assemblyman Dunlap.

These students listen intently to an important part of Assemblyman Dunlaps' speech.

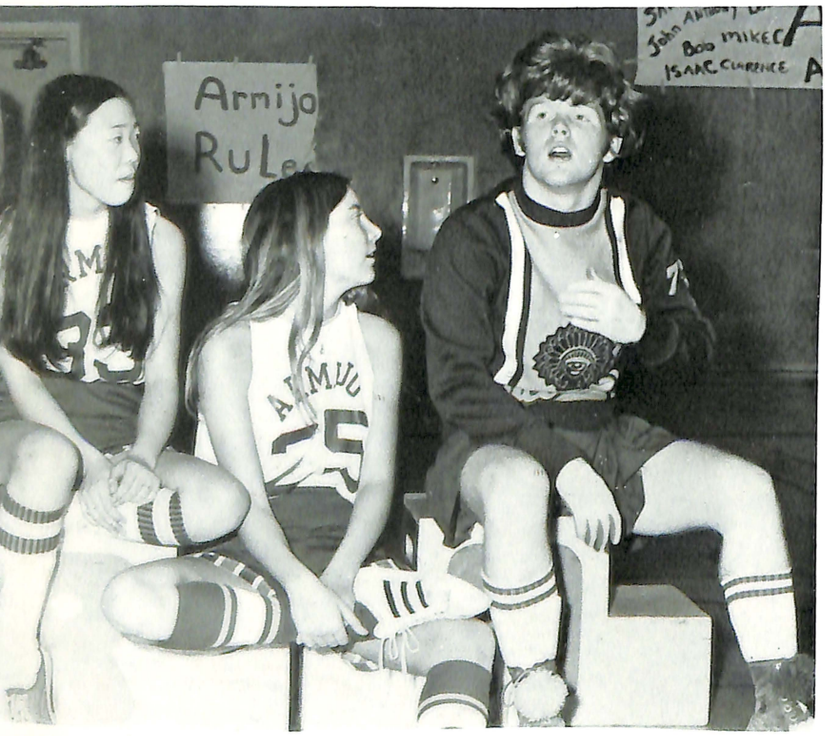

Boy - Girl Rally

"How did I ever get talked into this?" wonders Robert Kent.

Put your right foot in, put your right foot out, put your right foot in and shake it all about . . .

"Me? You want me?" questions Dennis Richardson.

Your not getting away from us this easily.

John Brandon and Dennis Gregerson stop to say a friendly "Hello."

Friday February 2, 1973, Armijo students were treated to the sounds of Freddy Heavy and the Chevys at our second annual Boy – Girl Rally.

For the finale there was the spirit climb, Mutha Falcon broke an egg over Mr. Millers head.

These students gaze in wonder at the rally.

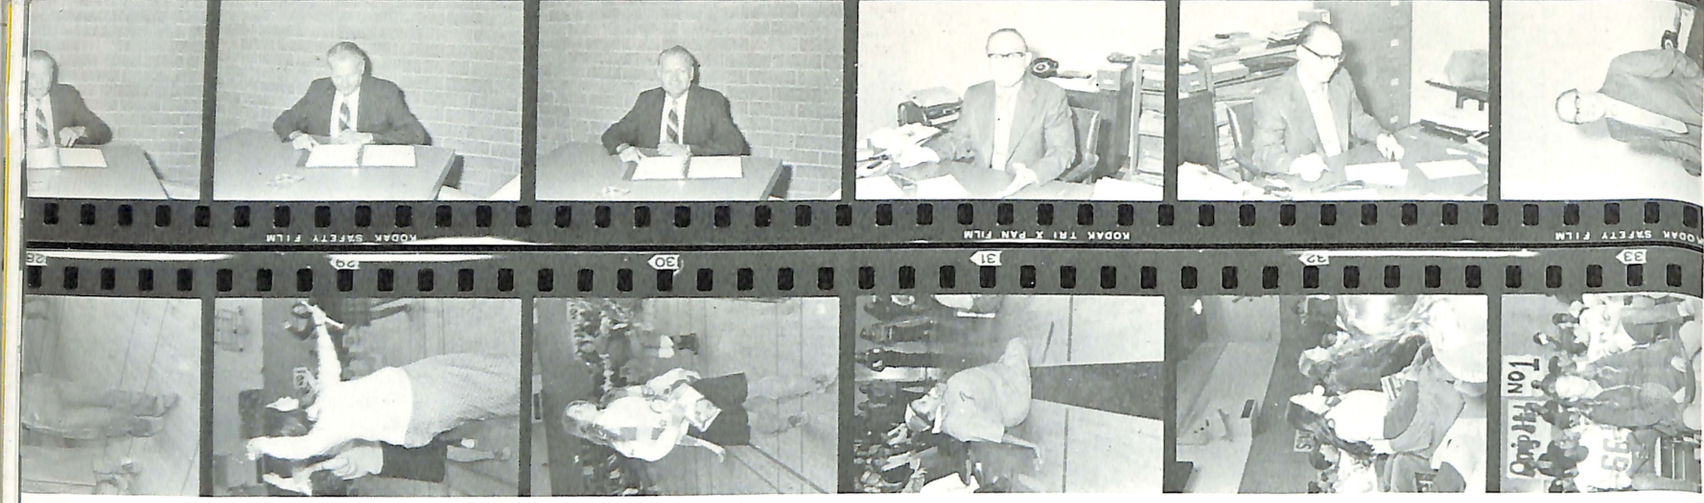

"Hey Diane Marianno that's my job, complains ASB President Steve Wilson.

Super Chicken strikes again as she breaks an egg over Mr. Miller's head.

Our school is not run by the faculty alone. In each class there are representatives to bring our complaints and ideas out into the open. We elect our Student Government, and in doing so we try to pick the best and most responsible person for the job.

The A.S.B. Vice President runs the A.S.B. meetings, and they are advised by Mr. Aldridge. In these meetings, it is decided how our school should be run, and what happenings are to occur. The Student Government at Armijo has developed to the point where it resembles the Federal Government.

Mascots and Pom-Pon Girls

To be a member of the pep squad is total involvement. Besides the obvious jobs, they have many other duties that are never told of. On the first day of school they welcome freshmen and new students and show them the school. They hold money raising activities to pay for the cost of their uniforms. They also write all the material for rallies.

Bea Cole asks, "Duh which way did they go George? Which way did they go?"

While Susie Hurl and Cindy Low demonstrate some steps to the hokey pokey, Frances Wilson looks on and laughs.

As other members of the pep squad cheer the team on Frances Wilson checks out a Davis player.

Diann Craven says, "If no one claims me in thirty days I'm yours."

"We won, we won," shrieks Susie Hurl as she jumps for joy.

Togetherness. . . . a feeling shared by Chris Gambrill and Bea Cole.

Armijo's got the power! Right on!

Cindy Low thinks rallies are the best places to let out all your hot air.

"Holy whipped cream," exclaims Susie Hurl to Diann Craven.

Barbara Scott raises her fist and proclaims, "Power to the Indians."

Does Chris Gambrill really expect us to believe that she is really drinking Coke?

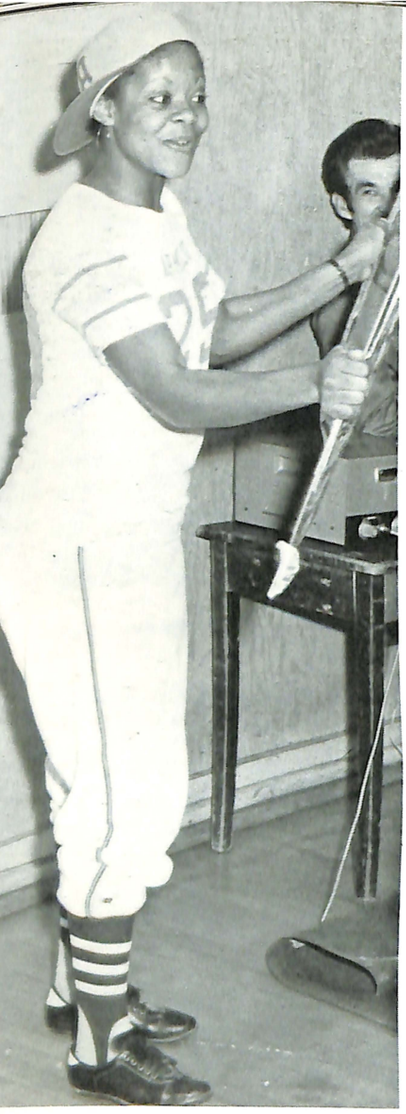

"I'm glad I don't have a weight problem," Scarlett Hicks says as she adds another 650 calories to her daily diet.

"Come on now, just one kiss," Chris Gambrill begs Bea Cole.

Willie Mays never had curves like Joyce Jackson.

"We're winning, we're winning, "shouts Marianne Kuropatkin gleefully.

First in ten, do it again, shout Diona Fraticelli, Joyce Jackson, Barb Scott, and Sue Valeriote.

How could the dating game turn down these three beauties?

"Do it this way you guys, or else," explains Sue Valeriote.

"Hah, you've got to be kidding," laughs Noel Figuerdo.

Theresa Martinez demonstrates as she sings, I'm a little teapot.

Diona Fraticelli demonstrates the karate kick.

"Go team, fight team, uh huh, "shouts Patti Mendez.

"Hi, I'm Patti Mendez, fly me to Suisun."

"Is he about this tall with long blonde hair?" inquires Tina Shogren.

Eva Jackson practices sprinting for the 76 Olympics.

Jeannine Kuropatkin prays for rain.

Bank of America

Each year the Bank of America honors high school seniors for their achievement in specific subject areas. Certificate award winners are selected for each specific field, while plaque award winners represent general fields, and have the opportunity of participating at zone events and if successful, will be in competition for cash awards. The purpose of the Achievement Awards program is to recognize and honor outstanding seniors whose scholastic attainment, sense of civic responsibility, and evidence of leadership give most promise of future success and service to society.

"I Believe in Music"

Well I could just sit around makin' music all day long
Long as I'm makin' music I know I can't do nobody wrong
And who knows, maybe someday I'll come up with a song
That makes people wanna stop their fussin' and fightin'
just long enough to sing-along.

Music is the universal language and love is the key
To brotherhood and peace and understanding to livin'
in harmony
So take your brother by the hand and sing-along with me
And find out what it really means to be young and rich
and free.

Everybody sing I believe in music, I believe in love
I, I believe in music
I believe in love . . .

A Capella Choir

Many voices are heard at Armijo, but none so beautiful as those of the A Capella Choir. In the 1972–73 year, the choir performed first in November at the Armijo in Review and later in December caroling at the County Office of Education. Under the direction of Mr. Shalock, the A Capella Choir has grown from just eight members in 1970–71 to twenty.

"Let me get a little closer to that microphone," says Lucy Sparks to Debbie Carter and Debbie Trotter.

"If only I had worn my Fruit of the Loom suspenders!" regrets Mr. Shalock, the choir director.

ORGANIZATIONS

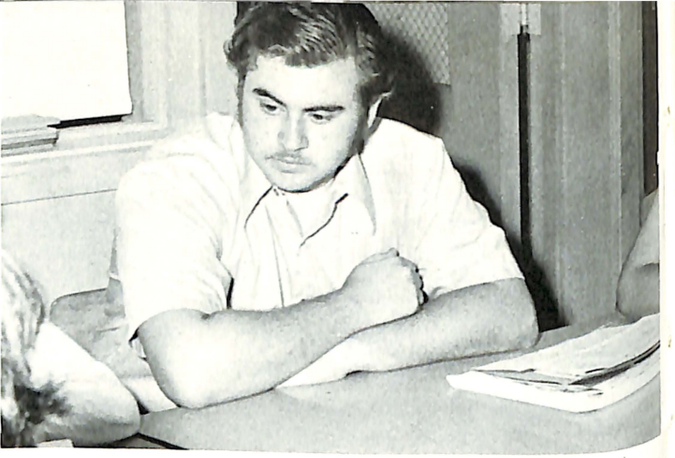

Club, the dictionary defines it as, 'An association of persons for one common object.' The definition is a true one, but not as a whole. True, the clubs and organizations of today consist of persons who are willing to give of themselves toward their common goals and beliefs, but a club consists of more than this. It consists of sportsmanship, learning, sharing, and the will to help and teach others. All the members consist of these elements, for all the people of today consist of them, and if it were not for these people there would be no clubs or organizations on Armijo's campus.

Clubs and organizations at Armijo help many people throughout each year as well as have fun.

"La Mezcla", which translated means "The Mixture", is a complete record showing the past senior high school year in a large arrangement of pictures.

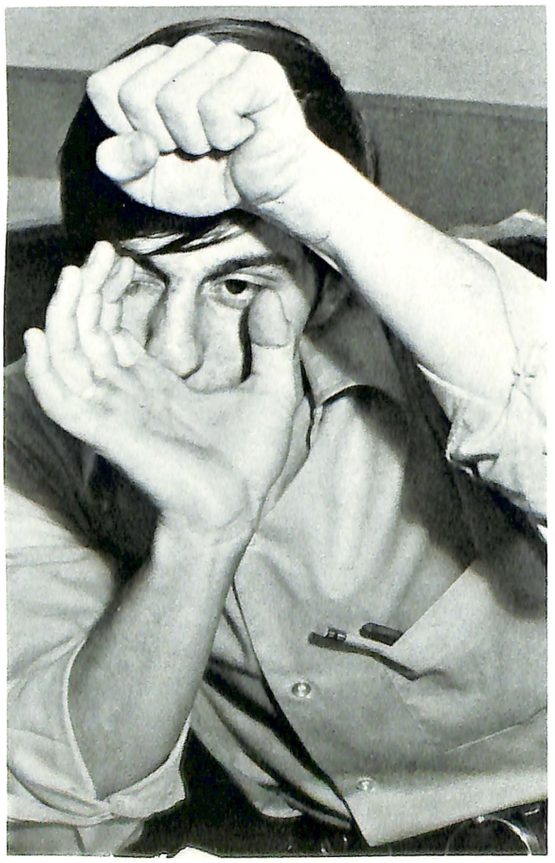

The Yearbook Staff worked hard to produce a book that would be valuable to all students of the school, not to just a few. We are proud to present the 1972–1973 Armijo Yearbook, "La Mezcla".

ENDING

There is an ending for every story. There is an ending for every song. But, there is not an ending for the past school year, it will live in our hearts for the years to come. The past year is not one to be forgotten, for we have accomplished many things. Some we will forget for we have done them so many times, but many we will remember for we can do them only once.

Decades ago, we predicted what would happen yesterday. Yesterday we predicted what would happen today. But, what soul on earth can predict what will happen tomorrow?

Without friends
the world is but
a wilderness

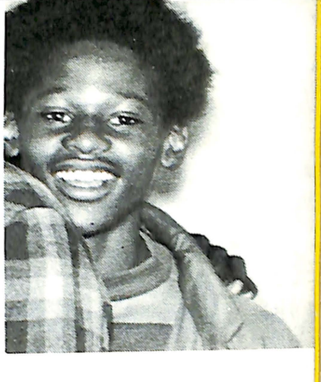

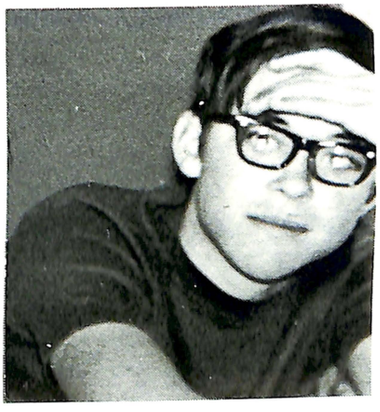

My reflection is mirrored back to me
as I look from this window;
I cannot see the world from here.
When will I be wise enough to know
what it is like outside these walls?

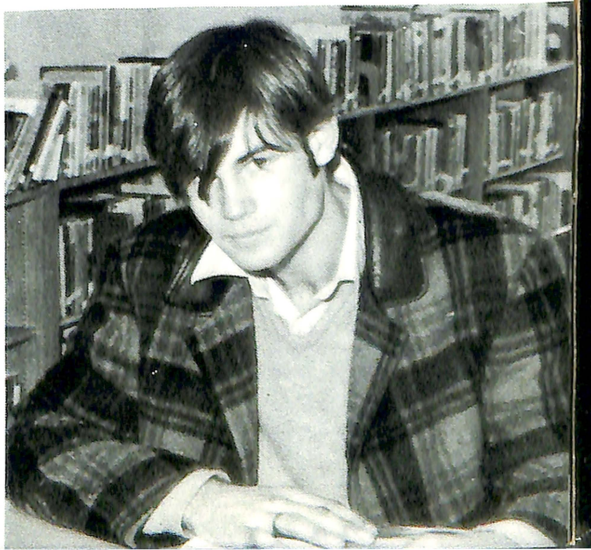

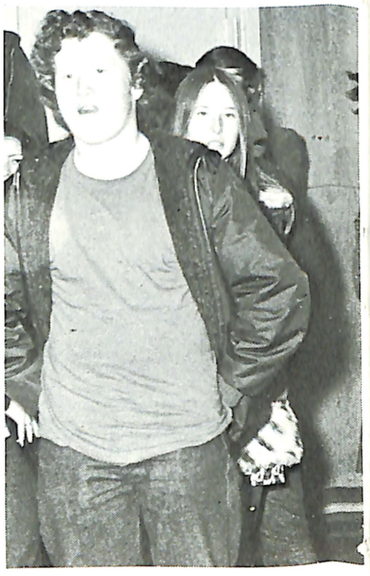

Time it was,
And what a time it was,
It was . . .
A time of innocence
A time of confidences
Long ago . . . it must be . . .
I have a photograph. Preserve your memories;
They're all that's left you.

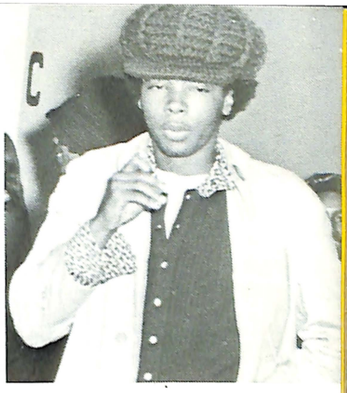

Remember when Security was being one of the gang ! ! !

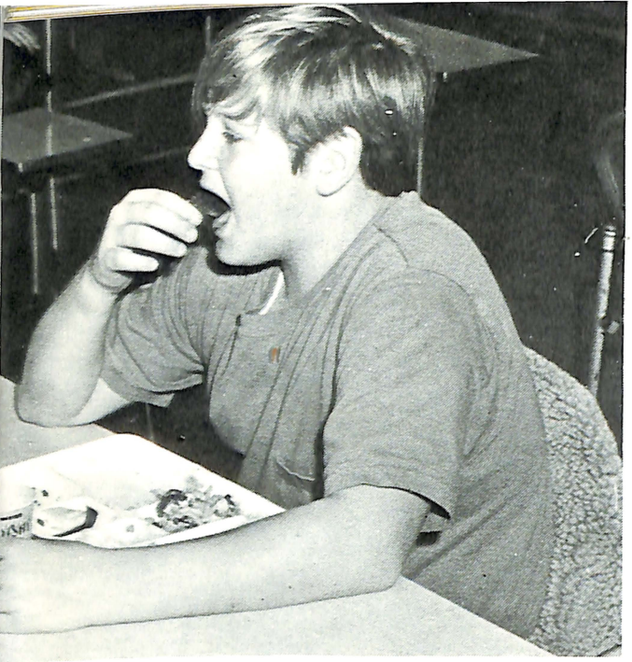

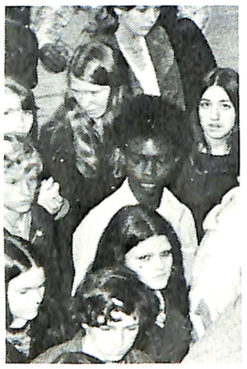

Memories . . .
engraved in our
hearts forever ! ! !

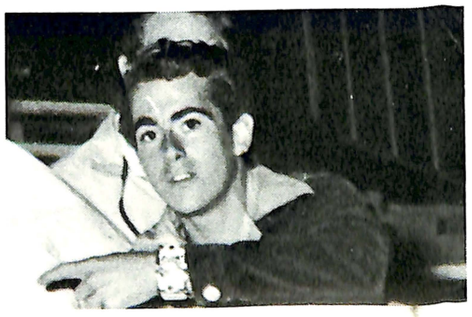

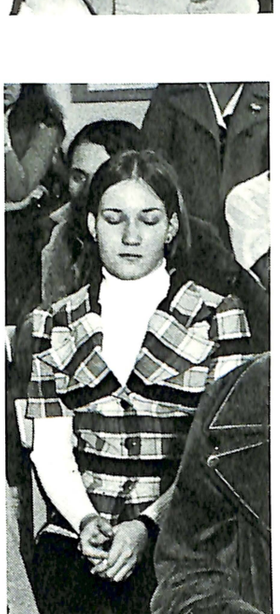

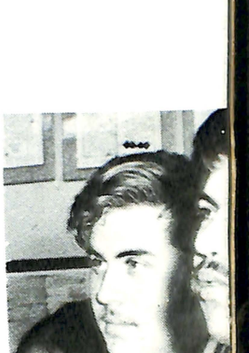

Memory's flame is soon ignited
Lighting my lamp with amber glow
Quietly friends are reunited
Singing a song of long ago.

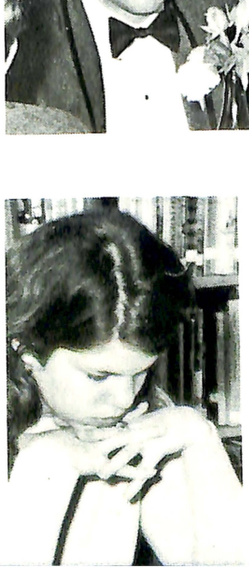

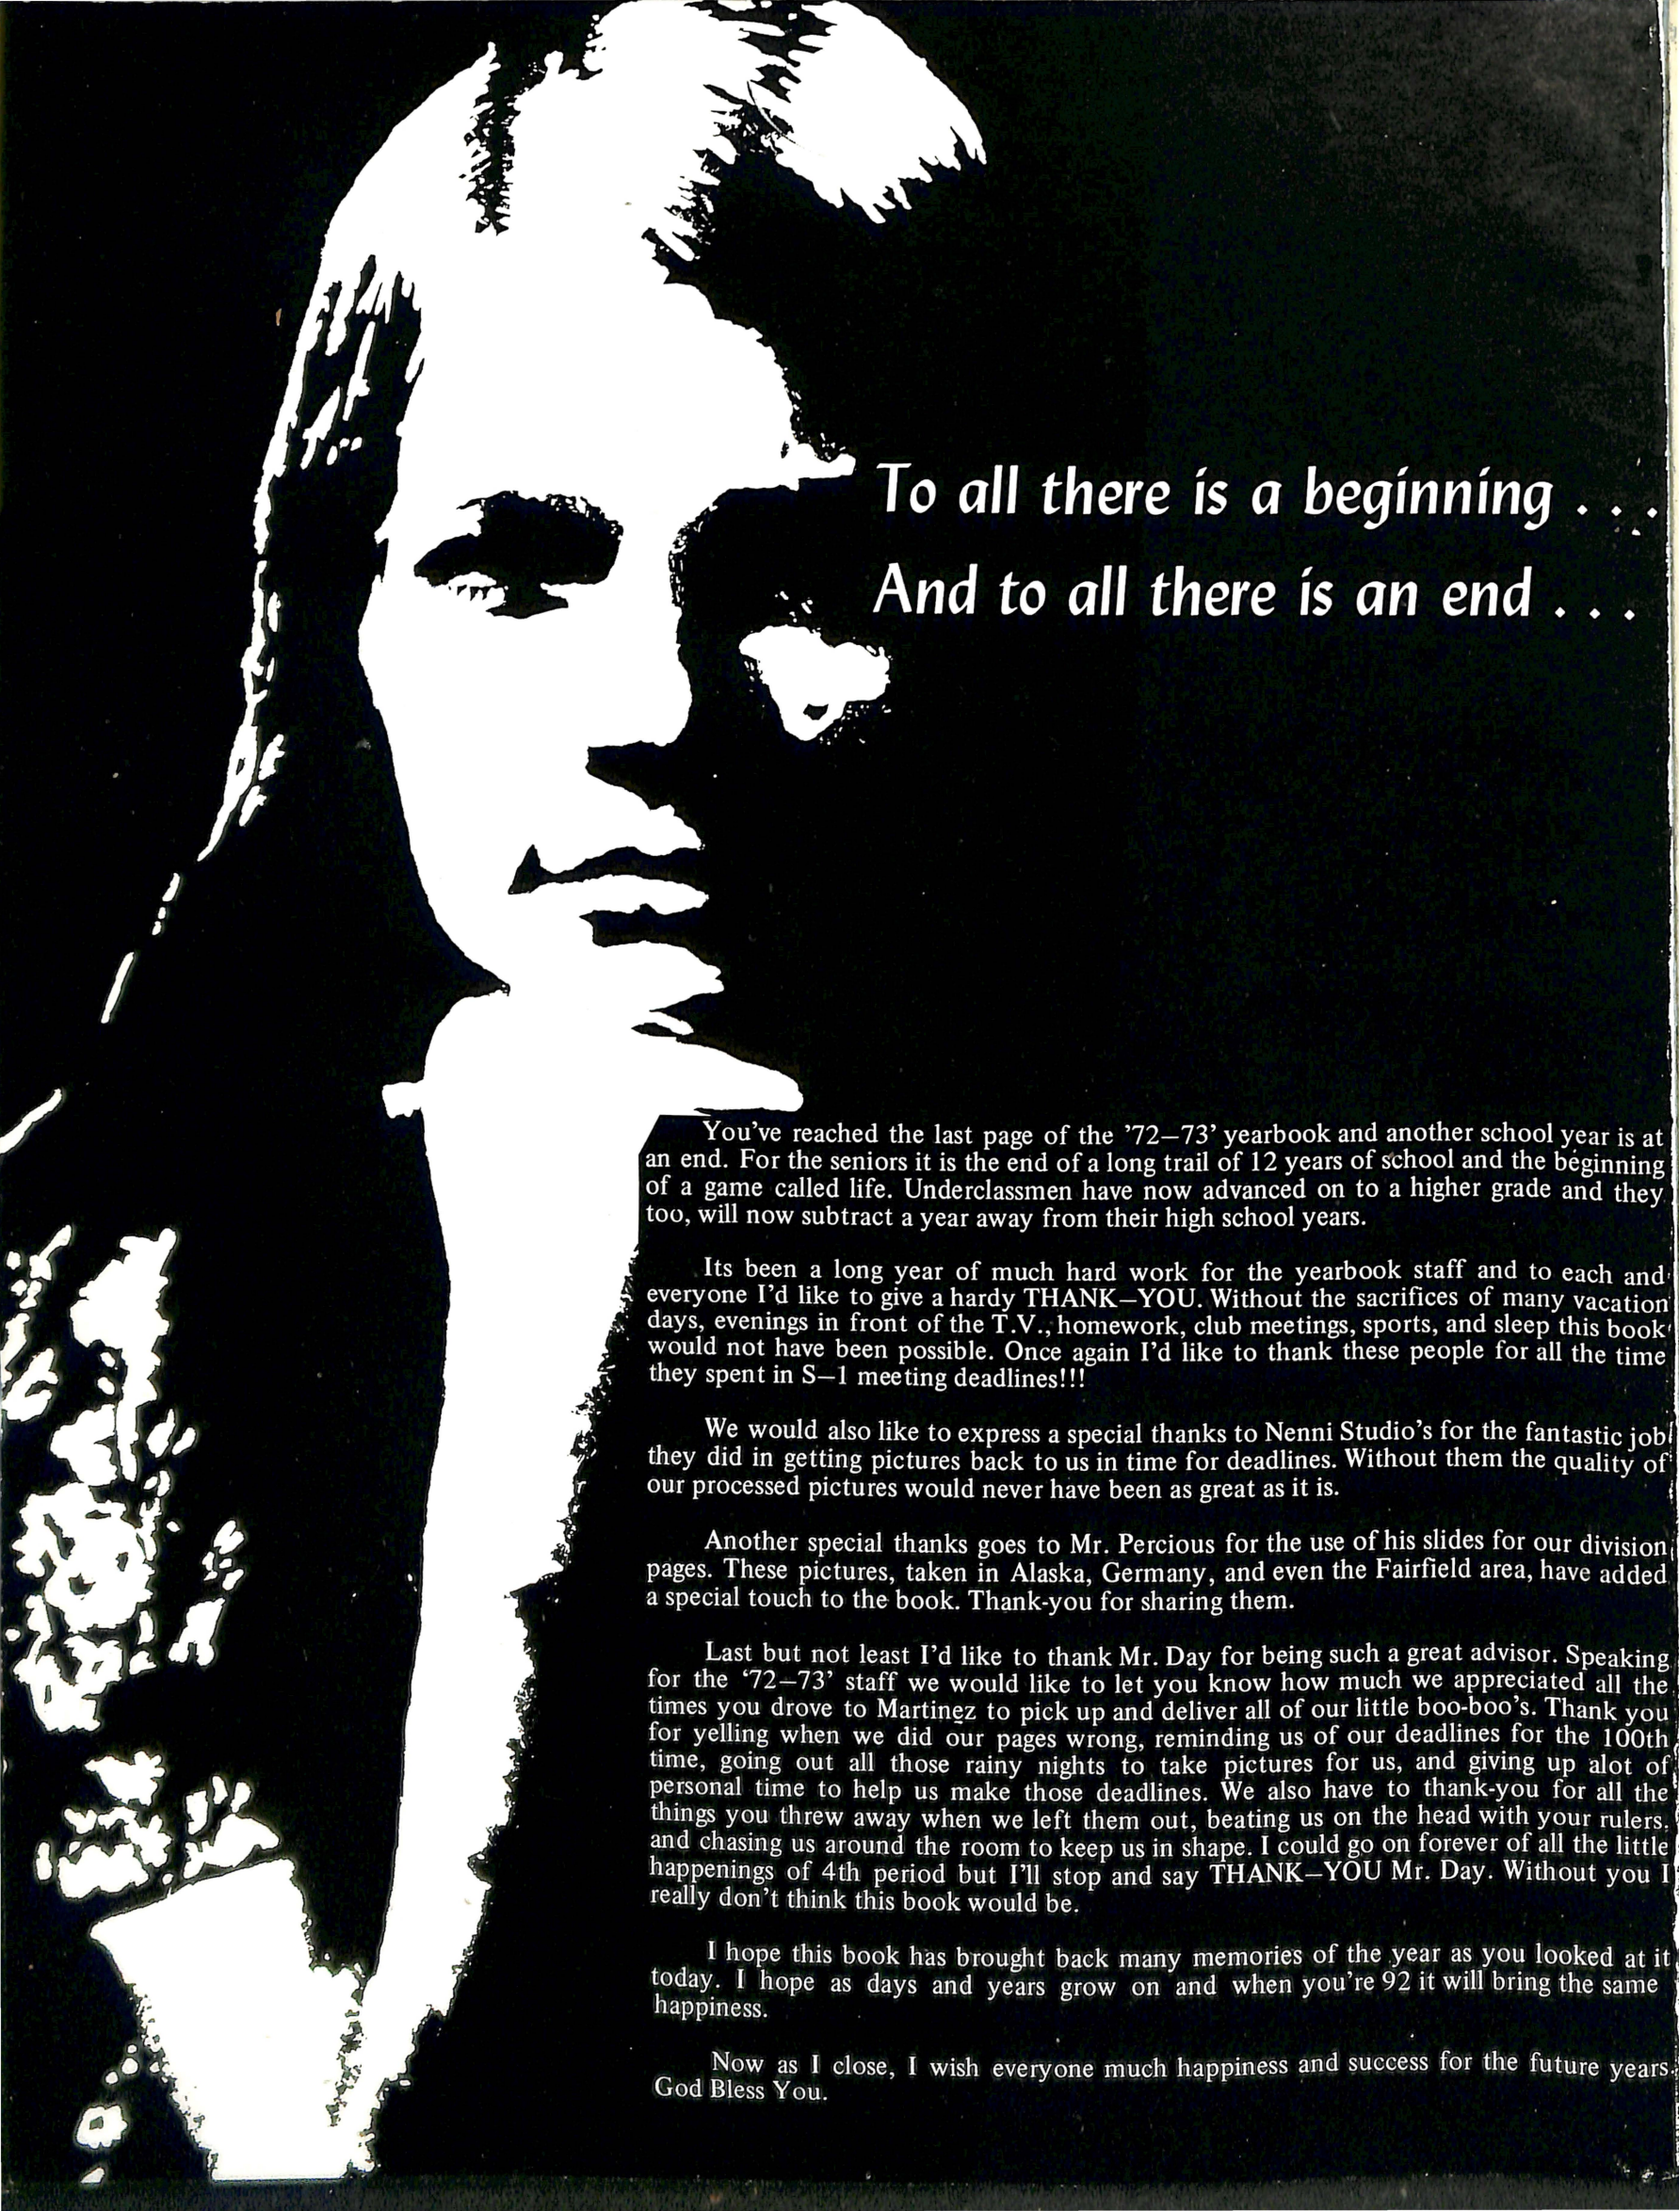

I Am Not Alone

I watched from high upon a hill
The clouds that passed me by,
And marveled at the vastness
Of the pale and endless sky . . .

To all there is a beginning . . .
And to all there is an end . . .

You've reached the last page of the '72–73' yearbook and another school year is at an end. For the seniors it is the end of a long trail of 12 years of school and the beginning of a game called life. Underclassmen have now advanced on to a higher grade and they too, will now subtract a year away from their high school years.

Its been a long year of much hard work for the yearbook staff and to each and everyone I'd like to give a hardy THANK–YOU. Without the sacrifices of many vacation days, evenings in front of the T.V., homework, club meetings, sports, and sleep this book would not have been possible. Once again I'd like to thank these people for all the time they spent in S–1 meeting deadlines!!!

We would also like to express a special thanks to Nenni Studio's for the fantastic job they did in getting pictures back to us in time for deadlines. Without them the quality of our processed pictures would never have been as great as it is.

Another special thanks goes to Mr. Percious for the use of his slides for our division pages. These pictures, taken in Alaska, Germany, and even the Fairfield area, have added a special touch to the book. Thank-you for sharing them.

Last but not least I'd like to thank Mr. Day for being such a great advisor. Speaking for the '72–73' staff we would like to let you know how much we appreciated all the times you drove to Martinez to pick up and deliver all of our little boo-boo's. Thank you for yelling when we did our pages wrong, reminding us of our deadlines for the 100th time, going out all those rainy nights to take pictures for us, and giving up alot of personal time to help us make those deadlines. We also have to thank-you for all the things you threw away when we left them out, beating us on the head with your rulers, and chasing us around the room to keep us in shape. I could go on forever of all the little happenings of 4th period but I'll stop and say THANK–YOU Mr. Day. Without you I really don't think this book would be.

I hope this book has brought back many memories of the year as you looked at it today. I hope as days and years grow on and when you're 92 it will bring the same happiness.

Now as I close, I wish everyone much happiness and success for the future years. God Bless You.
